*You **must** produce a **hard copy** for each of your work to accompany a soft copy on the Compact Disc (CD).*

ITEM 1

In Kampala, a community-focused organization called Uganda Digital Skills Foundation (UDSF) has been dedicated to training Ugandans in ICT health and safety for the past eight years. Recently, Uganda Digital Skills Foundation was invited by Ubuntu Tech Academy, a growing tech company, to conduct a five-day ICT health and safety training for its team. This training, aimed at equipping employees with best practices for a safe digital workspace, successfully covered key areas relevant to the tech industry.

During the program, each of the 10 participants from Ubuntu Tech Academy received a daily allowance of 20,000 Uganda shillings. In recognition of their performance, certificates of excellence were awarded to the three most outstanding trainees.

Task

Using the support files provided, Prepare a report on this training program and send it to the Training Manager. You are required to include all relevant documentation and summaries of the training outcomes.

ITEM 2

In Fort Portal, a local organization called Green Uganda Initiative (GUI) is dedicated to improving information access and sharing among residents on community development topics. As part of its mission, GUI has planned an "Information Access and Sharing Campaign" aimed at educating the public on using digital tools to access local resources, government services, and educational materials. This campaign will include workshops, information sessions, and one-on-one guidance over a two-week period.

The campaign organizers want to reach as many people as possible in the community through printed and digital materials shared via email and social media platforms like X and WhatsApp.

Task

Using the support files provided, create an offline Campaign Publication for the Green Uganda Initiative.
