FINALE.SEASON 3  
episode one

i didn't kiss lotanna back again,  
the scream already got much and everyone turned to look at us.

I really can't say the expression on prince jedioku and prince jedinna means.  
why on earth are they staring at lotanna like that?.

"I love you...that's what I wanted to say" lotanna said and kissed me again.  
everyone clapped and my eyes reduced a bit.

"I love you,say it back"he whispered.  
i nodded....

"I love..."I couldn't finish,  
onome appeared in the crowd.  
"Adeifeeee!!! she called my name and I left lotanna and ran away as stares got unbearable,

onome must have come to claim me again.

I kept running till I got to a corner in the palace  
then a band of princess stormed in.  
Xara,Akunna's friend was the lead.

she got to where I was and the others surround me like they want to eat me up.  
I turned,  
they moved with me.

"xara tell your friends to leave"  
I said,they didn't stop surrounding me and I tried walking out, they dragged me back and made me  
stay at the center.

"Xara let me go"I said.  
"chineke eeehh you called my name"  
xara said.  
one of the girls pulled my hair in a painful manner.

"how dare you plait your hair with my brand of bead"she said and dragged it more tightly,  
before I knew it,  
another one was trying to pull out my earring,  
before I knew it again,another was trying to pull out the bracelet lotanna wear on my wrist as his  
future queen.

soo many hands on me.

"xara this is not funny at all"I shouted

"and how dare you make Akuna a laughing stock"  
xara said and the girls left me for once.

I tried leaving,I was drawn back.

"that doesn't answer my question"

xara said,

someone pull out my hair and a diamond hair pin fell.

I got annoyed and faced Xara.

"I didn't make Akuna a laughing stock,she is the one that make herself a plucking stick for plucking  
shame and if you're not careful,you will ad well use the same plucking stick to pluck trouble" I said.

Xara stared at me shocked,

maybe she doesn't know I also have my own side.I'm not too gentle.

"how dare you!! xara said.

"what happened to Akuna was good and in fact great.Akuna have felt so much power and control.

Now,her time have pass and it is my time to feel like a queen..and I won't spare anyone that try to  
stop me"

I said.

one of the princesses which I recognize to be Ujunwa came to the front.

"you really got some guts"she said.

"isn't this the poor girl of yesterday" another said.

"poor but sensible than some senseless classic princesses with broomstick legs" I said and still  
tried leaving until Chineyen dragged me back.

I hijacked my hand.

tell me he did all these for you...

I rolled my eyeballs and still tried leaving.  
someone tell me, what does Lotanna see in her.  
her pink nipples..  
or her virginity....  
or her tight honey pot..  
your hair is pretty tho  
isn't this cloth worth it...

they started teasing me by pulling out every accessory I had on.  
"tell me, is this how your mother taught you...to always fix your legs into every royal home for a name"  
Ijeoma said.

I was starting to get pissed off.  
"stop these already" I shouted.  
she wanted to slap me,  
someone slapped her from behind and I quickly rushed out.  
it was Shadia.

"I will hit you" Shadia rants.  
"it's none of your business oye Asiri (gossiper) remember we are no friends but foes" Xara said as she held her cheek where Shadia slapped her.

Am very sure the finger prints of Shadia is on it.

"Shadia it's none of your business here, it would be right if you walk away" Nneka said.

"you've done enough already, pack yourself out of my father's palace go and continue the rest at the party ground" Amarachi said as she approached.

Shared on whatsapp by Martino.

they stopped ranting,  
I got surprised they obey the little Amarachi.

each of them scoffed and went away.  
two maids approached,  
they took me away.  
I don't know where but I followed them.

they took me to a particular suite,  
it was beautiful beyond explanation.  
is this where I will be staying now?.

"ma'am, it's night already"  
one of them said.  
wait,I heard "ma'am" is my ear functioning well.

"we will be keeping you company...  
first you need to take a night bath" one of them said.  
I nodded and followed her like a bag of beans.

aaah,the shower was like heaven.  
the maids stayed outside the door as I went in.  
I got happy.

Adeife won't be a maid anymore  
maid maid maid goodbye to you  
maid,Adeife said bye bye..

I formed a song in my heart as I turn on the bath,I stayed long there before tying a towel.  
I step out,I didn't see the maids near the door. I proceeded into the bedroom where I met a box.

I opened it and it was a white royal dress...  
why is it soo sexy?  
in this cold weather...

is this my size?  
will this one enter me!!.  
I tied it on and as usual the shorts didn't enter me.I keep getting wider in the hips and I wonder  
why people praise it so much.  
I looked at myself in the mirror before finally wearing the jacket.

now,I feel safe.  
but lotanna's mother haven't said anything about me.  
does that means she have accept me whole heartedly?.

Olamma's p.o.v  
what happened at the party didn't only shock me, it penetrated deep into my bones

Akuna passed out as the shame got much...I mean all those maidens that always hold her in high  
self esteem ridiculed her

she now becomes play thing in the eyes of those that feared her.  
the queen didn't say anything,

I guess she is still shocked Akuna isn't what she think she is.

the maids rushed Akuna to golden palace of course  
and that Adeife...

I wish I had her type of luck,  
she always get good lucks right from when we were younger.

merriment was still going on in the party ground.  
there were still lot of people despite the fact that the queen and the crowned princes left.

someone tapped my back,  
I turned and it was Arinze,conniption gripped me.  
did he realize I used him?  
no he wouldn't, he is a fool.

"we need to talk"he said.  
"okay" I smiled in pretence and followed him.  
soon we arrived at a bushy path.

"arinze my love" I smiled and wanted to touch his well built muscles but he pulled my hand back.

"what's that response? care for a night?"I asked.  
he didn't talk.

"is my dress captivating"I said.  
"to be frank,I didn't even see a dress and as for your body,it doesn't turn me on one bit.  
You see your breasts gave now turned into a fallen nation.

I covered my mouth.  
"don't be surprised!  
\*now to the reason I called you---

why have you decided to use me against nkem when you know we are best of friends"he said.

"I don't get you" I pretend.  
He shook his head in anger."you girls are like leopard and can never change your spots.  
why have you---

he gripped me by my neck painfully.  
"it wasn't me,it was Adann--

\*trust me I don't lay my hands on women but I would be forced to do so if you provoke me"he

said.

"I didn't---

nkem passed that moment,

Arinze left me. I know he felt pained but it was all Akuna's plan.

Arinze left as he couldn't look at nkem,

nkem also left.

ngozi showed up.

"breasts that was pointing upwards before have now turned into a fallen nation.

omo that quote sweet me die"

she mocked me.

I fumed in anger has she been listening.

"olamma biko, how am I sure your destiny have not been shifted" she mocked.

I walked out.

Lotanna's p.o.v

I followed mother in quietly,

she still haven't said anything about Adeife..

"you should learn to be free with the subjects" she said.

"you still haven't said anything about Adeife. What exactly did the girl do for you? is her heart not clean enough?

or is she not beautiful enough?"

I asked.

If it's because my wealth is too pronounced, then I don't mind...

my wealth is too pronounced doesn't mean anything.

that girl had sacrificed enough for me and yet you're silent..

is it because of her--

"Mother, the ministers are around"

Jedinna interrupts.

mother sighed and left.

I also turned to leave.

"you said that all for a slave...lotanna have you forgotten who you are?"

Jedinna asked.

"a slave right? love is too serious" I said and strolled quietly into my suite..

I switched on all my phones,  
so many messages..  
so many calls.

I picked lots of call,didn't believe I did that till midnight.  
I started putting my phones on flight modes again...I don't want disturbance.

Adeife,where's she??  
I miss her already, have always wanted this opportunity when we would just be alone.

I walked upper into my suite,there was a door that combined two rooms together,I opened it and met her sleeping already on the bed.

she didn't put off the lights,  
I dimmed it and entered....she opened her eyes and quickly closed it...

next she used the bed spread to cover her face then a pillow..

"go to your room already" she said.  
"I will,until you follow me"I said.  
she removed the pillow first then uncovered her body.

she then stood and wore the black room slippers.  
why is she holding her night wear like that? is she cold.  
she still tied a wrapper on the nightwear.  
I watched her like a movie.

then i switched off her room light when she came close enough.  
I touched her and sent my hand to her back her body is warm enough then why so many cloths.

"are you looking for something"  
she asked..  
"not really"I replied and she waited as I locked her room door.  
we proceed downwards to my room.

she quickly walk to the bed,  
I dimmed the lights,she had put demarcation on the bed.  
I put on my bed foam slippers and slept.She turned and helped me unfix the royal bead that was deeped in my hair then she wedged it with a white band aid.

"can you just remove that wrapper?  
do you need to tie it when you've already worn a nightie" I said.

"hunn! she said.

"never mind" I replied and watched her...dropped it quietly in my jewelry box,she came back to bed.

I stood up.

"lotanna, do you need something" she added.

"headache" I said.

she sprang up and came to me like a flash--

is this how much you care for me?

"I will feel your headache" she said and stood on her toes to touch my toes,I hugged her...

this is what I want,not headache.

"I will get drugs"she said.

"in this cold weather...I cancel every spirit of weather" I said.

"i will---

I shut her up by kissing her eyes.

my hands brushed into her buttocks where I felt something.

FINALE.SEASON 3

episode two

aaah what was I doing...fine she tying a wrapper on her nightwear, I wanted her to remove it so I can admire the woman i seek for but on second thoughts I can't do something lfe might not want,

it is even scarce to see her shoulder not to talk of her entire body but I can't control that need...you're the first woman I would hold and touch like this.

I smiled as I look in her eyes,  
she smiled too and look away.

"can you remove your hand from there?"she whispered and touch where my hand laid on the base of her buttocks..  
she smiled shyly.

I got a call,  
that was when I left her and strolled out to answer Jerry's call.

boss the online---  
don't worry  
send them in...  
we will talk at midnight....

I ended the call,took an apple from the dinning and headed upstairs again.  
where's lfe?

I turned,she was handling a tray.  
she poured water from a glass cup and picked sachets of tablets carefully.  
she took another cup,the wrapper she tied on her nightie wear loose as she carried another flask.  
holding two things didn't allow her tie it so she left it  
maybe she didn't know am inside already.

I watched the wrapper slip down her back into her waist level,it dropped on the base of her ass  
where it stand well.  
now I see the reason she tied wrapper,the nighty is soooooo transparent. She didn't even wear the shorts.

my eyes caught the lines of the black pant she wore where my eyes got trapped.

she poured water into another golden cup,she dropped the flask and turned sideways like that to  
tie the wrapper,  
I saw everything,

it was beautiful and wildly set...I crushed on her breasts,  
its pretty,also badly tempting.  
the sight made me fell like resting my head there gosh.  
her nipped traced but her hand blocked the pretty sight.

I forced myself to stop looking but my eyes won't give up staring at lfe.  
didn't she knows am in.  
I closed my eyes,  
gosh...I took mg phone to text someone.

by the time I look up,  
Ife was already standing in my presence with the tray,the wrapper was now right.

"my prince is there something strange on my body?"she asked.  
"oh no"I wanted to take water,  
she stopped me by placing her hand on mine.

"I will do it" she said and removed drugs from the sachet.  
I smiled as I look in her face.

"my prince...Aaaah" she said for me to open my mouth..

she removed her hand from mine.  
lotanna what's wrong with you?  
to be sincere am not even having headache.

I smiled as I opened my mouth,she put in the drugs then use her right hand to give me water to drink.  
is love so stupid?  
taking drugs when am not sick.

I swallowed the drugs,  
sooo bitter,she gave me grape to eat.  
"is the drug even effective, I think I should get another one--

"unnnhh!! I took her hand and made her sit on my laps..  
"is this right--  
she wanted to stand,I smiled and made her sit again.

she smiled and used her hand to touch my forehead.  
"its getting better"she said.  
I got a call again!!

Adeife stood up and went to bed,  
I dimmed the light and went out.

Maids quarter  
chioma's p.o.v

everyone was happy,most especially Rhoda. I don't know what she sees in ife,she won't stop saying her name.

A new person was brought to replace Ife, her name was "Adarupuche".

"Does this mean the queen has accepted Ife? I learnt she doesn't like her. Her son chose her doesn't mean she likes her already" I said.

Ebere frowned at my speech.

"If Lolo (queen) doesn't like Ife then her sense of reasoning is low....am sorry to say if that was harsh...

didn't you see that there was disorderliness immediately Ife ran out of the party? Her beauty kept many in confusion.

You should see prince Jedioku's expression, it was as if someone stole his mouth..all of them got carried away...even Lotanna's brother he is interested in Adeife am very sure he would have---

"he would have what!!! I cut Ebere.

"Prince Jedinna is also interested, we all know he couldn't talk for he came late" Vicky said, I got angry.

Are there not the same set of people that hate Ife, they are always jealous of her, why are they defending her now?

"am happy for her, she broke records in this kingdom...an abomination to a prince has never happened" Rhoda said.

"If the queen doesn't accept Ife in the name of I don't like her then I must say that the queen is blind for not seeing something good and rare like Ife. I can never do what Ife did for Lotanna all in the name of love. The queen should better accept her for who she is or else there will be trouble" Dumebi who had always hated Ife said.

"gosh why are you defending her now did you not all hate her" I said.

"who hate who?" Ebere asked.

"am I drunk, I will soon be the young Queen's best friend" Dumebi said.

"I can't wait for her to be queen... she will stop me from working as a maid" Rhoda said. I rolled my eyeballs... now I do I achieve my mission since they all like her.

"and besides Ife said we should share her belongings" Dumebi said, they scampered to her luggage and boxes.

Mrs Okafor came in.

"Chioma and Ebere, deliver this to the resting penth" she said.

Dumebi and I did.

Soon, we arrived.

what a room...ohh my princess Akuna. she fainted out of shock and couldn't return to her kingdom tonight.

Xara took the calabash containing herbs from my hand.

i pity Akuna,what happened there was a big shame to woman hood .

"just drink small"Xara said,

i turned,sitter on a couch was princess nneka..

A maid was fixing her nails and she was busy with mirror.

even at nights.

she likes fashion.

"what are you still waiting for?" nneka said.Dumebi and I quickly turn to leave.

"wait" akuna said, gosh she looks like she has been crying.

"where did lfe stay tonight?

is it prince lotanna's suite"Akuna asked.

"what exactly are you scared of princess Akuna,even in your condition you're still asking where she stays...Prince Lotanna's suite of course and the queen will be extremely happy if lfe gives her a grandson" dumebi said to hurt Akunna.

I was so shocked,so dumebi can defend Adeife like this--

"how dare you worthless maid" nneka dropped jet mirror in furry.

the queen entered,nneka sat back and akuna pretends to be sleeping.

behind the queen was Mrs okafor carrying a gold tray,

on the tray were so many royal accessories.

wealth in all.

The queen didn't even look at Akuna, she faced the physician.

"how is she?"she asked.

"getting better" the physician replied.

the queen looker at Akuna one last time and left with the tray.

this is getting hotter.

AdeifeAdeife's p.o.v

the cold breeze from the window made my sleep more sweet but I got scared the queen hasn't still said anything about me.

now I wish she can love me half of what her son loves me.

I slept,I didn't dream of my mother instead i dreamt of onome.

"Adeife!!

"Adeife!!! she shouted my name.

\*leave me I don't want to come,you're not my mother...

its true you were part of my story buy you never decided my beginning and I won't let you decide my end---

I told her in my dream.

she started laughing, that was when I woke up.

I fell into the pillow again but then the queen entered with Mrs okafor behind her..

my fears started cooking up.

I stood up and..and..I don't even know what to do.

I closed my mouth,she approached.

no words, I got heated up.

will she remind me am an abomination again..

Mrs okafor dropped the tray and left.

"you again"she said.

I shakes my head... negatively.

"I didn't...didn't.. tell..he..was.."I sturtled.

"that wrapper remove it" she said.

I hastily untie my wrapper,

she stared at me for a while,I had no courage to look into her eyes.

aah lfe may god deliver you.

finally,she look away and locked a chain in my hair.

she took my hands too and wore me the same brand of bracelet she wore.

"don't think am doing this for your sake I did this for my son's happiness...it's never in law for someone like you to be with him" she said...

"yes ma'am" I nodded quietly still looking down.

"if something happebs to my son,you know what it means" she said.

I nodded again.then she moved close and picked another brand of waist chain,  
my eyes widened.

"just turn"she said, I turned side ways she brushed her fingers into my waist line to lock the waist

chain but stopped.

"what's that mark!! she asked as she pointed to a place at my waist.

I nodded negatively.

gosh.

episode three

I nodded my head negatively,

I also don't know what that mark is, while I was growing,I got so many marks.

"come let me see very well"the queen said.

I widened my eyes as I followed her to where there was lights.

she was holding her phone and she turned on her torch lights,

she checked the mark,

using her fingers to touch it.

"I injured and cut my waist" I said and she stopped touching it.

she turned off her phone torch,finally she looked the waist chain for me then she helped me fix two little earrings,

she poured the remaining accessories on the bed and picked the tray..

"remember I did this for my son...I wonder what you gave him to eat" she said,I even nodded many times.

some mother in laws are as hot as fire,you can imagine her acting to me in this manner just because her son loves a nobody.

hmmm my life would have been better if I find someone to call mother and even the father I have is living like a dead.

lotanna entered and I quickly smiled.

ohh my god where is my wrapper.

he came to me before I could even move to get my wrapper.

"what did she say to you..did she hurt you with words?"he asked.

"no she didn't,she now likes me"I said.

"I always knew you were born a criminal" he said.

I smiled...ohh he caught me.

"anyways let's go to bed"he said.

I packed the accessory and joined it in lotanna's jewelry box,  
then I slept in my side.

lotanna turned on a particular phone and a device,I didn't see what he was doing because i was  
backing him.

next I heard all what his mother said to me screening on the large flat screen.

"excuse me" lotanna said,  
he went out.

does he wants to go and meet his mother?.

honey wait!!!! I ran after him.

I was on the stairs,he was already at the door,there were like four guards on the sitting room.

"your highness" one said and rushed to open the door.I needed to stop him

"baby I love you please don't go and meet her" I said.

"I said I love you,don't go"I said.

he turned and came up the stairs,I went in and slept on my side.

"I'm sorry okay"he said.

"its fine but don't blame her"I said.

"really"he said and laid his head on the demarcation thank God the light wasn't really bright, it had  
been dimmed.... meaning my body is safe

he removed the demarcation then layed his head on my laps.He stayed well until he drew me to  
himself.

what a tight contact?.

he kissed my neck slowly with his hands trapped in my laps,I chuckled at every of his touch.

"you're corrupting me"I said.

"seriously"he said and took my hands away from my chest.

so he trailed the kisses into my chest,he touched my breasts,he tickled the two at the same time...

"lotanna" I gasped.

he wasn't done, he kissed my nipples from the singlet..

he unlocked and look in my face quietly, I covered my chest.

Shared on whatsapp by Martino.

"one last time" he smiled out dimples, I turned my back...

he kissed me deeper anywhere on my body till I turn back.

my body shivered in lots of sweetness the feeling was soo sweet and soft..

did he see my body through this transparent nightie.

no, lotanna doesn't see at nights.

I looked in his face, he smiled and rest his head on my breasts.

soon, he slept off... so handsome in sleep. I pat his back and sing softly in his ears till I slept off.

Akuna's p.o.v

I was the first person to wake up that morning, I was so confused and frustrated but I had to leave before the queen comes to me,

she find out am not what she thinks I am....she would have stopped lotanna at the party but she couldn't because I couldn't hold the incense staff.

when my mom called yesterday night I had told xara not to explain things to her, she will feel so bad and I don't want her to get bothered.

I hastily got dressed, Sharon walked in, she looked at me in with shock.

"umm princess akuna your mom is-

"did you pick my calls when I slept last night" i said.

"no I don't..

but she has sent maids and giads to accompany us home" she said.

I followed her out that early morning.

what will I say to her?

lotanna is my only hope to getting to greater heights, his appearance gives me so much joy but I lost him,

I got shamed

I became a laughing stock in the eyes of those that held me in high self esteem.

"should I inform the queen we are leaving alresdy?" Sharon asked.

"oh no" I said, we walked out.

nkem also strolled out.

I arrived home,I don't want to talk to any body so I went into my room.  
Mrs Adesola called.

why should I show you your daughter?  
now your daughter is my biggest rival and my most hard challenge..

showing you your daughter is like pouring petrol inside an already blazing fire...  
I dried my tears,  
then I picked my phone.

"I called yesterday but you didn't pick my calls hope all is well" she asked.  
this woman is just so nice.  
"no...am good"I replied.

"akuna about my daughter,you said she is in Jerriah kingdom but I can't seem to recognize her here.  
Akuna please tell me what I need to know about my daughter.

I miss her for good 21years already and I want to spend the rest of my life with her,  
I am tired of traveling from one kingdom to the other..."she said.

my door opened,it was my mom.  
I hung up turned on the tele.

"Akuna you're such a shameless idiot!!!! how dare you drag me and your fathers name into mud!  
do you know what the neighboring villages are saying already...

my little brother came in.  
"Akuna,you made me feel the pain I haven't felt in a long time...you couldn't even--

\*mom!!! I said.  
she moved closer and wanted to slap me,I closed my eyes...her hand touched my cheeks lightly.

\*do not let me loose my anger on you,you brought me shame..  
people are now calling you "open and close" she said.

"I didn't---

I started crying.

"I hope this serves as a lesson to other maidens who always feel they have everything in this world.

you can imagine that slave taking your place...Akuna a maid took your place! you're doomed  
thank god am not your---  
she didn't finish her statement,she slammed her forehead and walk out.

crystal my little brother scoffed sadly and folded his arms,  
my friends stopped talking to me, Akuna what have you done!  
he walked out.

Nkem's p.o.v

I needed to meet some traders that early morning but firstly I need to swim as exercise.  
I don't really like the swimming pool in my suite,I prefer the river so I left.  
I will just make sure no one sees me.

I got to the stream and in no time I was in the river in my shorts,I swam happily.I also took off my  
royal apparel and kept it on the stream side..

it would have been more fun if arinze is here but we are no friends anymore.maybe next  
year,that's when I will forgive him.

I swam till the day was clear enough. I swam out,I need to leave before they start coming to wash  
clothes.

someone approached swam out.  
I listened carefully,  
then I turned and saw her washing clothes.

she turned immediately I swam out.  
our eyes locked.  
isn't that the girl that always insults Arinze and olamma.  
"are you sure you still need your eyes? stop staring at me and continue with your dirty cloths" I  
said..and fixed back my royal apparel

"and why would I be staring at you?  
"what will I be staring at in your body  
is it that thing tiny thing that looks like spaghetti???  
Just call me whenever it is matured enough" ngozi said.

waaaaaaattt  
did a girl just say that to me  
I looked down at the way I look in my swimming outfits,  
wait did I suddenly become a play thing and what was her eyes looking for in my shorts?.

my dick isn't like spaghetti right?.

I looked over to her,  
she still laughed using me as play. I don't think she knows who she is talking to.  
I wore my cloths and toss my royal apparel on my shoulders,  
a girl approached the stream.

"good morning sir"she bowed humbly..  
I nodded and started leaving.

"ujunwa let me tell you what I saw this morning"ngozi started,  
I turned back.  
wait is this girl alright at all.  
she cleared her throat

"please tell me..is it still about chidinma?"Ujunwa asked.  
I stopped walking and turned,

I got scared for no reasons.  
women have the ability to transport fake,news like wild fire and I know ngozi as a catapult mouth.

"biko tell me now"ujunwa said.  
"when I came here this morning...  
she cleared her throat again.  
"I saw..."she paused and look in my direction then she stood up and moved over to Ujunwa's ear,  
I saw the movements of her lips but didn't get to hear what she was saying to her.

ujunwa laughed,  
ngozi also joined in laughing.

Olamma's p.o.v

my mother has not said anything since yesterday which was the day lfe was selected by prince lotanna.

I thought she talked about taking lfe away but she didn't.

does she mean she have no authority over lfe again?.

the most annoying part is that princes kept coming to our house to ask of lfe since they all believe my mother is our mother.

the particular one that came this morning got me angry and jealous.

I left ybe house angrily and went to the market...

Adanna came to me...

then we left for Akunna's kingdom.

we need to check on her welfare.

the palace guard allowed us in her suite...she sat on the bed,

adanna moved in first.

"akunna tell me,how have you been?"I asked.

"olamma how can I be happy..should I talk of the shame or Adeife or Lotanna's mom...I couldn't even LST her see me before leaving" she said and picked a pillow.

"so what have you been doing,crying all day long and watch lfe take your place?"Adanna said.

"you should see the way princes are dying for her even when she's taken and every maidens worship her like god"Adanna said.

"am so pained I can't watch it.He will get intimate with lfe and lfe will get pregnant.... The queen will have no choice than to like her for the saje of her grandchild.And you think lotanna is not a smart person...

he knows what he is doing"akuna said.

"so what,are you going to let lfe take everything?"I asked.

the door opened,we turned it was Akuna's mother.

her face is not funny at all..

"yes yes yes....

what have you come to do in my palace--

she faced Akuna. "Are these the types of friends you choose...

they are the ones pushing you abi

"no one is pushing me.

Akuna shouted back,she stood up and picked her purse,She joined me and Adanna outside.

"mom what!! what again...you have never support me for once in your life you always take sides with my enemies...

are you not happy of me..

are you not proud that I am your daughter! akuna asked.

"Am I suppose to be happy and proud of you?? your mates have achieved good things in life and are thinking of better things,

all you know is acting like the world is yours,you came home with many disappointments--

you came home with pregnancy on your 18th birthday but you lied and called it fever,  
I swear I don't understand you".

"but you did say if I like I should come home with pregnancy" Akuna said..

"my god what kind of child is this..

as grown as you're you are still stupid!! her mom said.

Akuna walked out,

we followed her quietly.

"but why is your mother so mad about him not choosing you?"I ask.

"olamma my mom loves the twins and she wants me for one of them, anyone who would sit on the throne..

their mom also agreed for the sake of our companies since we are into partnership.

umm my mom started telling me that I had a husband right from when I was 3 and am sure the twins mother also did that to both of her sons..

we met when they were 6...

you see I couldn't even differentiate between lotanna and Jedinna they were so identical.

I loved going to their place but he doesn't like playing,if anyone touches him he always cry....so he was always in care of Mrs Okafor,

if anyone touches him aside Mrs okafor and his mother, he always cry and even change his clothes..

Lotanna is expensive right from when he was young... he class himself so much....

if you weren't told,you would know that king suites him so much so my mom wanted us together simple.

lotanna saw me and ask his mother "who is that girl?"  
"why is she always coming here?"  
"does she not have a house?".

his mother replied "that's your Akuna". Lotanna was like "your Akuna".  
"yes call her my Akuna" his mother told him then.  
"but I don't tell you I want any Akuna" lotanna would say childishly.

it was so stupid then because we were so young, a week later him and his twins traveled abroad to study he came back now and doesn't even remember me again....Adeife is a witch!  
I wonder what he sees in that idiot" I said.

Xara and Nneka walked to the tree we were staying at,  
we walked out together.

Mrs Adesola's  
purity your creator sees that have tried enough in searching for you..  
I really have many things to tell you but time doesn't want us to be

wherever you are stay strong  
for the sake of your mother who is searching for you.  
I will have to leave this kingdom first thing tomorrow morning.

AdeifeAdeife  
ngozi came to me in the palace,  
I have never been so happy like this in my life.

I opened my suite door immediately the guards brought her,she moved in and I locked the door.  
"ifeeee!!! she giggled happily  
"I'm sorry I wanted to com---

"its okay I understand"she smiled and hugged me.  
"my friend has changed totally"  
she said.  
"umm thank you"I replied perfunctorily.  
she made a bothered look.

"I'm not happy because you're suddenly forgetting me" she said.  
"oh my god I can't forget you...even if we die we will become ghost and scare people together" I said,  
she laughed.

I led her upstairs to my bedroom.  
she smile and fell on my bed,I kepty notepad in the right place.  
the person taking me online classs left not quiet long.

"so how's the queen,she still doesn't like you"she said.

"of course but only when her son is around...if he's not she always remind me Adeife the nobody..  
you see this is why I want to know if my mom is alive or dead,

I can't bare seeing onome in my story  
I can't handle Akuna saying trash,  
and the queen.

"well I have a solution"ngozi said and opened my jewelry box.  
two maids knocked at the door,  
I answered it and came back to my best friend.

"the solution is finding about my background." I said  
ngozi picked out of my new clothes, it made me remember those days she gave me cloths too.

"finding your mom is too far...  
you just try to get pregnant for lotanna the queen will care for you like an egg" she said.  
hunnn

"did lotanna touch you already?"

she asked.

I coughed.

"seriously! she said.

"I remembered I owe you a gift" I changed topic.

"the only gift I want from you is to see you pregnant for him" she said.

I laughed...

what type of friend do i have.

"I said what I want and you're laughing"she said.

we talked,soon she left after which I escort her to the gate.

it was night when lotanna came in,  
he have been busy with so many things like attending balls,meetings with the subjects and so  
many more.

will he come tonight?

he will be crowned in the next 14days...and before then,my only wish is to see my mother.  
I don't want onome to take her place.

A knock came on my door~~  
I knew it was him.I checked time and went to answer it.  
He was on a king robe...a gold earring,gold braclets....gold rings...  
everywhere was gold.

"Ifedimma!! he called softly,  
I moved out,there was little light cos I dimmed it.  
"you're going again this night, isn't the stress too much"I said.  
"today is my third sacrifice"he said.  
I nodded and wanted to move in,  
he took my hand and kiss the back of my hand.

He pecked my lips quietly,it turn into a kiss...  
he kissed me slowly while his fingers move to my back.

I gasped into the kiss when he raised his other hand from my waist into my singlet where he  
tickled my breast, I touched his hand in shock.

i unlocked and looked in his face,  
he gently took his lips into his mouth and looked down in between my legs in little smile.

he peck my lips before kissing me again,I gently shift my hand and left my body for him,  
he took his hands in my singlet again

I felt sweet as he traced my nipples in the singlet while kissing me again.

I suddenly enjoy him touching me, I moaned like carelessly as lotanna didn't stop pressing and  
squeezing me softly.

he turned me around and changed the pattern of kissing, we were in my room,he kissed my neck  
down to my cleavages...

he held me tight from behind and ate into my nipples from what I wore.  
I moaned in little scream as his other hand moved in between my legs.

he used his lips to shift my singlet back and touched my pant lines where he felt my killer hips.  
It felt sweeter,  
Lotanna romanced me so deliciously and carried me.

something beeped in the room.

the projector~~i guess.

Lotanna left me but still kiss my ear in an half biting manner.

I shivered in sweetness and walked away,he followed me to my bed and hugged me from behind.

"it will be fine" he whispered.

I turned and face him.

"but I want my mom"I said.

he peck my eyes.

"I don't know how I will do it but I will be the one to find her~~that's my promise"he said.

I nodded.

The projector still beeped the guards are calling into him.

Lotanna picked my sleeping night jacket and helped me in wearing it..

he tied the rope properly.

Two maids moved in.

Lotanna always bring them to watch over me each time he won't be around.

he still kids me again,

peck my forehead ...

He helped me on the bed and tucked me in properly.

he turned to leave the maids bowed.

ohh god! mother I need you!.

"Young queen" one of the maids said.

I opened my eyes properly and saw that chioma was among the maids lotanna brought to watch me.

she moved her eyes in a roll and bowed for me.

the other maid came to me.

"queen lfe let me tell you a story so that you will sleep soundly" the other said.

I stood from the bed and went to use the restroom,I decided to check the window before sleeping.

I saw Lotanna's twin brother downstairs...

I looked well,he headed for the palace gate,finally he move out.

where to???

## FINALE.SEASON 3

### episode five

I got confused watching the palace gate through my window  
until one of the maids tapped me,  
I turned,it was a new young maid.

"Young queen you will end up getting cold looking through the window" she said and helped me lock the window properly.

Another maid walked in and bowed before speaking."young queen I just finish steaming the fish for rice and I have made pepper soup".

I nodded and still checked the window,  
Jedinna have left  
it was even raining.

"should I bring mackerels or fishcake?"she asked.  
"okay" I replied and followed her,  
there were like three guards loitering around my bedroom door,

isn't that lotanna's handwork!.

chioma stood at the door beside ikechukwu,I followed the second girl to the dinning and dished out what I wanted to eat.

"who cooked this?"I asked.  
"ebere ma'am"she replied.  
\*okay"I sauf and ate the pepper soup with relishment.

she poured water for me to drink,  
I drank and took a blue berry to eat then a cold sliced pineapple.

the maid reduced the air conditional and went ahead to turn on the television.

We both watch till it was my sleeping time... you see I already got dizzy.  
I told her,she switch it off and followed me upstairs to my room.

she hastily re arrange my king sized bed which I lay on,the other maids matched in.  
they always stay like that to watch me while I sleep,

of course chioma is always among.

isn't God a multi purpose God??.

"I will say a story" Ugoma said and knelt beside my bed.

"okay but I don't want crowd~~ only you and Idera should stay, the rest can go back to the maids quarter"

I said in a sleepy manner.

"but this is our duty,

his highness will be angry and we might get punishments for not doing it well" Adapuruche said.

"If you won't leave then stay in the living room, I feel so uncomfortable my soul doesn't want much people around" I said.

they bowed and left except for Chioma.

"whaaaaatt! she grunts.

"what are you saying?-

we should leave when we are instructed to watch over you...

imagine is it because you now wear expensive clot---

"chioma what's your motive of coming here...as at the last time I checked, you wouldn't love to watch over the one you hate" I said.

she stayed quiet,

looking like someone who is lost.

"remember Adeife is not a maid anymore...sometimes watch how you speak to a queen, next time I might not be too kind" I said.

our eyes locked,

she looked away and went out.

only Ugoma and Idera stayed with me.

I kept dreaming of lotanna

he talks to me in my dream,

he kiss me in my dream

he cared for me like in real life,

he also took me to places.

I didn't even know when I started praying for him in my dream.

He laughed as I did.

Jedinna's

what I never wanted is happening right in my eyes,yet i couldn't stop it..

the worst part is that he will get that girl pregnant and if luckily she gives birth to a son,  
he will be the heir,meaning the next king after "Lotanna".

nothing will make Mother more happy if not for a grandson.

so I will have to deal with lotanna first,he knows how much I loved to be a king yet he went for the  
throne all because mother said "the ways if the gods are different from the ways of man".

to hell with the gods.

I trailed my paths near the bush and perceive something stinking,I brought out my handkerchief  
and used it in covering my nose.

how do these people cope?  
in all these dirt's...

finally,I arrived at my destination,  
gosh....Holly fuck!  
the place look like hell.  
is this the place chioma described for me.

A girl in a white wrapper hastily rushed out.Her slippers cut.  
she smiled and took off her slippers, she dust it and kept it under her armpit...

seriously,what type of life is this.  
"my prince"she bowed humbly, her fair skin reminds me of that girl.  
what's her name again?.

Adeife~~she seem to be the most beautiful creature I have ever seen.  
I had practically not said any girl is beautiful but that lfe is.

should I talk about her nails or hair?  
or her eyes which comes into  
bloom each time she smiles?

yes I always kill his girlfriends so that he won't have a son to call his own and because if they  
grow they will inherit the throne...

but that particular girl Adeife interests me that's why I won't let her end like the rest..

once I take lotanna away,  
I will inherit her as my wife.  
Am sure lotanna will not touch her now so I have to be fast.  
I will make her learn to love me.

"my prince!!!  
the maid servant jolted me out of my thoughts.  
"call your father out! you can't expect me to enter your smelly hut do you" I said, she smiled shyly  
and played with the tip of her wrapper.

soon the dibia stepped out,  
that was when I turned.

"onuwo this must be a secret between us" I said and brought out a huge bag of money.

"he must not survive this one,  
if you do this successfully, I will reward you more greatly once I become king with powers" I said.

the dibia smiled revealing his ugly set of teeth, such a horrible sight.  
I couldn't look  
I just nodded in a little smile and look sideways.

"mind coming in" he said.  
"hunnnnmhhh  
I wore my face mask and followed him in his shrine..

everything inside was scary and strange...  
there were skeletons of different animals, the one that puzzled me most is the skeleton of a huge  
scorpion that have blood all over.

The dibia started his incantations.  
"Lotanna am sorry I did this,  
next time if you come to life again, you won't trust anyone, not even your blood" I didn't know when I  
called his name...

fire blazed out of the calabash the dibia was holding.  
is this some kind of magic?  
the fire spread to a side in the shrine and started burning things..

The dibia looked confused.  
He opened his mouth to the fire, it wasn't reducing...

"throw the bones out to the dogs and leave it to fight with the spirits....!!  
we heard voices..

FINALE.SEASON 3

episode six

Adeife's p.o.v

I slept peacefully but not until i started dreaming about him again..

it looks like he's been hurt,

it looks so real to be true...

like someone is trying to kill him.

"young queen,are you alright!

ugoma tapped me in my sleep,I jerked out of that dream where lotanna is being hurt.

I woke up,I felt my tears drop.

seriously,I was crying for real all for a mere dream.

ugoma got me my face wipes.

I took two of the wipes and entered my restroom.

lotanna who is trying to hurt you again?? who is doing this to you again??

I know you're in danger.

my dreams always come true.

the day onome seized my voice I knew she was going to do that but I saw it as a dream.

is this also going to happen to you?.

no,I won't let you die.

this is how much i love.

I went back to my bedroom and took my nightie jacket.Ugoma made a puzzled look.Next I took a scarf.

"madam are you going out?"

she asked.

"yes,I want to quickly go somewhere do not tell anybody"I told her.

"but young queen it's midnight"

she said.

"and that's why you shouldn't tell anybody" I said.

she opened her mouth in a surprised manner..

"but--- she startled and closed her mouth quietly.

"the palace gate is locked" she said.

"exactly, I want you to help me get the key from the queen's room" I said.

"whaaaaatt! she gasped.

"perfect, you're going to tell her I said my step mother called that she is sick and that Olamma traveled there is nobody to take care of her so I want to go and stay with her..

her house is not really far,

I will get there in time" I said.

She nodded, I tied my scarf.

she went out, I followed her. I had to lie to the guards using "onome" name.

luckily, Ugoma helped me to get the key to the palace gate. I went out,

I almost get lost self,

the roads have been reconstructed it's been so long I came this road.

soon, I arrived at old nana's place.

her compound was deserted,

I knocked at her door with a little stone.

"by this time, who can be there?"

I heard her voice.

"it's your daughter" I said.. with that she would recognize me since she always call me her daughter.

"Adeife what brings you to my house by this time, what if you get raped on your way" I heard her as she opened her door..

I quickly enter and she dropped her lantern on the pavement.

"how is your boyfriend?" she asked.

hunnhhh

I nodded. Am a very shy person.

"I see he takes care of you but how are you coping with his mother, she doesn't look happy when her son chose you" she said.

"it's her son I love... have tried to impress her many times but she detests me" I said.

"you won't give up on her..  
If she doesn't like you, there will be war" she said.  
I nodded.

"hmm I came to collect the pot, I want to go to that cold river again... someone is trying to kill  
lotanna"  
I said.

"whaaaat...are you sure you want to go again? this time it will be harder because you won't fetch  
water 202 times...this time it will be 404 times..that's the highest and after that, no one will be able to  
hurt him spiritually" she explained.

"404 times...won't I die?..  
this seems harder.

old nana watched me keenly as I meditate..  
"but after this 404 times no one will be able to hurt him spiritually right?" I asked.  
"yes but are you ready for it?" she asked..

I toyed with the golden bars on my clothes...  
"the worst thing is that you might not return..remember 404 times" she said.  
"but no one will have powers to hurt him spiritually?" I asked again.  
"yes plus he will get fame more faster...and everything good will come his way...no man will be  
able to kill him after this 404 times" she explained.

"okay, can I have the pot" I didn't know when I spoke.  
"you might not return, this is not like the first one" she explained.

"I accept" I nodded like stupidly.  
"does he love you the way you love him...do you know you're risking your life for him" old nana  
explained.

I already took the pot.  
old nana shook her head and watched me carefully like a movie, she followed me outside. "Truly  
behind every successful man is a woman" I heard her say.

I walked hurriedly and intentionally pass ngozi's house, I knocked on her window. I need to say hi in  
case I won't return again.  
"ifeeee, by this time" she squealed.  
"I love you...imagine what my life without you will look like,  
maybe meaningless" I said.

"what are you talking?"she said.

"next time,I love you"I said and ran off soon I got there and started fetching the water.

once I pour a pot of water on the idol, I would say a word of prayer for lotanna with all my heart.

Jedinna's p.o.v

the blazing fire went off and the dibia carefully dropped the calabash.

"what now?"I asked.

"a palm tree climber is not expected to tell everything he sees up above" he replied.

"you speaks in parables"I said.

"two more hours and he will be gone...I congratulate you in advance to the throne of your father"he said.

I took my lips in and went out,

the maid servant was still there flaunting her face in a best smile.

she must be mistaking me for lotanna.

I stared at her for a while she smiled back and played with the tip of her top..

neatness... no she looks so dirty.

I brought out my phone to check some things.

"sorry am smelling bad,I was actually doing something that has to do with smoke wh...."she sturtled and starred at me with desires.

"and you're telling me because??

I said cutting her off rudely.

I locked my phone and headed to where I told the palace guards to wait for me.

They shouldn't know the place I went to right??

they put on the royal umbrella and we headed back to the palace..

I entered my suite and removed my cloths,

I wore a black short.

I feel so hot even when it is cold and raining.

I tied my hair and picked my phone.

I picked the pack of cigarette from the drawers as well as a bottle of wine.

I walked in to where the swimming pool is in my suite and placed everything on the pool table.

I dived into the water and swam deep for a while.

I sat beside the table and took the wine.

my phone rang..my guess was right!

the priest had called me with his small phone.I checked the time,two hours have completed.

the news of lotanna's death is suppose to be out.

I picked the call.

"I don't know who always help him in the secret,he survived this one too" he said.

"waaaaattt!! I dropped the call immediately..

I threw all phones into the water as well as the bottle of wine and the table.

why is all these happening at once!

I lighted the cigarette then covered my face with both hands.

I emptied the first glass of wine and threw the glass cup into the pool.

Aaaaaaarrrrgghhh!!!!

I emptied the stick of cigarette and dropped it.

why is my life falling apart?.

why do I not always get what I desire the most?.

in the pasts,it has always been easy to get lotanna down,why does this particular one seem difficult.

I moved my hair with the hand where I held the stick of cigarette.

the smoke got much it filled my sight

I am so frustrated.

I broke my promises to my future kids..

what am I going to tell them tomorrow?

they won't be kings...as it stands,future kings would be chosen among the kids lotanna will have...

so what will happen to my own kids tomorrow??.

Deerah kingdom,are you running away from me.

I looked at the used cigarette on the floor,I almost emptied the pack,  
I took a deep breath as I wiped water off my face and turned.

waaaaattt mother was watching me quietly.  
I got shocked... when did she gets here.

she moved over to me and sat beside me with her legs dipped in the pool.

"what happened?"she asked.  
I looked away to the other side cos tears filled my eyes,she gently turned my face to look at her.

"it's nothing...I mean I lost an expensive contract"I lied.  
"really"she said.  
I nodded and look back.

she smiled and took the cigarette from me then threw it in the water.  
"it's not your fault" she said and hugged me from one side.  
I looked at other end in disdain.

"hey won't you even hold me,its your mother"she said.  
I found myself smiling when she started tapping my back.

Lotanna's p.o.v  
the guards covered me immediately I stepped out.  
I put on my mask,they still accompany me to my car.  
I sat comfortably at the back seat, my driver joined me.

I removed my gold carved mask.  
isn't this stressful,I still have meetings with governors tomorrow when I was thinking I will have  
time to spend with my heart throb.

"your highness! the driver says.  
"ummm what?"I asked.  
"did you have issues with anybody?" he asked.  
\*no why?"I asked.  
"hmm it was an evil act sent to you spiritually but the priest said you got lucky it backfired"he said.

"okay"I said and got a call then.  
I saw your transactions,  
ninety million naira but first, meet with Salvador.  
okay  
okay send them in.

Adeife Adeife's p.o.v

the cold got much and unbearable,  
it was three times colder than it was before...I feel like I will freeze to death but I have to do this for him.

not everyone is happy he will be the king...  
who knows what other princes planned for him?.

"399" I counted tiredly and said a word of prayer for him.  
my legs were shaking already.  
the day will soon be bright,  
you see have been here since yesterday.

I walked fast down to the cold river.  
something cut in my stomach as I bent.  
yeah 4more times.

my eyes got teary because of the cold..  
"400" I counted and said a word of prayer for him again.  
"401" I poured another one.

"402"  
"403"

I started hearing sounds of approaching footsteps..  
who can be coming this early morning?.

no one knew I came here right?.

I rush down to the river again with all my strengths to fetch the last one...  
I returned and poured it.  
"404" I counted tiredly and said the last word of prayer.

I dropped the pot of water and turned to leave... our eyes locked.

Chineke eeeeeehhhh  
I quickly look away.

"oh my life, what have I done to you..  
will you ever forgive me?  
am so sorry my daughter---

my eyes reduced when I heard the queen, I cleaned my ears.  
its really her,  
she was dressed in a precious queen regalia, then many queen bracelets..

"Adeife!!! she called my name.  
"ma'am" I replied and quickly turn back, what does she wants to say to me again.  
didn't she say am an abomination!  
didn't she say she doesn't like me!

"am sorry, I treated you badly...  
"Never knew you could go to this extent for my son..  
"am sorry...just come!  
"come to your mother in law" she said...

am I dreaming??  
I mean am just too shocked..I walked to her slowly...  
"since when have you been here?" she hugged me as she felt my temperature.

"what are you still waiting for, don't you know what to do?" she faced the maid....  
then she felt my temperature again.  
a whole queen chiamaka, I never imagined she could even hugged me.

"Emike, am sorry! she said and hugged me again.  
wait! did she just call me Emike (what I seek for).

"sorry Emike, the cold is too much" she collected a face wipe from a maid and wipe my face tenderly.  
ummm soo sweet!.

episode 7

my temperature increased,  
my eyes too was teary as a result of coldness.

"am sorry my love" the queen said.

is this really happening, how did she know I came here.  
my eyes caught a pot and I quickly got it. She came here to do the same prayer ritual for lotanna.  
but that emike she called me, the thought of it made me sweet.

"thank you mother" I smiled quietly.  
a maid brought a warm thick royal apparel, the queen took it and tied it around me like a baby.  
waoow.  
never knew she is this sweet.

she took my hand to where her car was parked, a guard rushed to open the door,  
she helped me in and entered.

the drive started.

"how do you feel? fever cold?" she asked.  
I nodded in a smile.  
now my life is getting better.

"come on my laps so you will get warm" she said.  
hunn. am I hearing well.  
I smiled and rested my head on her laps..

next she picked up her phone and made a call.  
"this woman won't pick when she knew her daughter is a professional liar" I heard her.

soon we arrived in the palace.  
the day isn't really cleared but the maids were seen working already.

"ifeee" dumebi whispered lowly immediately the queen helped me out of the car.  
chioma rolled her eyeballs in a sigh.

"you go and call the physician"  
she said to chioma,  
chioma bowed and left.

we went into the palace,  
surprisingly she took me to her suite.  
the maids that saw her holding hand with me turned in full surprise.

nkem walked out too and coughed.  
"Ife is that you?" he whispered.

finally we left for the queens empire, she took me in and closed the door.

"use the shower...warm water okay" she said and left to another section in her suite.

her suite was beautiful beyond description...

is this her suite..gosh,so modernized

what amaze me most is the phosphorescent lights..

I entered her washroom and tied a new towel,I already saw a female bathroom footwear.

soon I was done, I couldn't be more than happy.

Chioma's p.o.v

I dropped the watering can and went into the maid quarter after which I had called the physician..

ohh god is lfe pregnant already?.

is she?? its only pregnancy that can make the queen care for her like that and besides she will do it all for her grandson.

everyone knows how she detests lfe.

other maids walked in abd surround me like they would eat me up.

"didn't you tell us lfe sneaked out of the palace to see her numerous boyfriends"Rhoda said.

"isn't it obvious...or has the money she always gives to you block your thinking cap"I said.

Vicky shakes her head."I can't believe your desperability".

"shut up,what do you even know. All the animals in the bush are coming out,snail like you wants to come out" I said to Vicky.

Mrs okafor came in and we stopped talking.

"go back to work"she said in a strict voice, we dispersed..

I went back to the garden

why has prince jedinna not spoken to me since yesterday?.

nkem approached and I quickly comport myself and pretend as if I was doing my work..

"hope what you're thinking is not evil?"i heard him say.

"no sir---

I shakes my head.

"I will be watching you" he said and left."finally"I breathed out and continued my work.

Lotanna's p.o.v

I still have 13days left,

13more days to find ife's mom,in the end of the 13days I will be crowned kings and she will be the queen and she said she wants her mother.

Its not even right if i don't get her mother,tradition demands her mother before she can be my queen totally.

now,how do I go about that?

not like I even know the roads here.

when will you be back from Australia"I texts Tracy.

soon,I don't want to see Desmond for now...the worst thing is that am pregnant for him"she reply.

waaaaattt

for now do not tell mother anything....I will just make sure am fine" she texts.

but----

Lotanna understand my decision, I will be there to witness your coronation but no one must know am preggies"she sent.

does the idiot knows,he needs to be taught a lesson"I sent.

Just let him be...am a lawyer I know how to handle men like him" she sent.

we will talk midnight"I sent.

"your highness,she is the queens room"a guard reported.

I almost choked on my wine.

did I hear well? lfe is in my mom suites.

"back to the reality,where did you see lfe is?"I asked.

"the queen is taking care of her" he replied with a bow.

"are you serious"i smiled out dimples and dropped my gold paid phone on the couch,I took off my red eye contacts lens..and left to see for myself.

soon I arrived.

the guards opened the door.

no one was in the living room,I saw lfe's purse on the white couch meaning she's truly here.

but--.

I headed upstairs immediately.

did she---+ gosh,I seriously have a lot of questions.

I got to the door,I almost opened the door but I stopped when I heard voices from the inside.

"is that all I need to know about you?".

"yes ma'am. Onome always find reasons to maltreat me,she's part of the reasons my dad

disowned me when I was barely 8...  
so I always wish i have a mother too"

"it's okay emike!.

"so is it true you have numerous boyfriends"

"umm no,I have not even known any man...if anyone comes to ask my hand in marriage,onome  
always lie to them that my dead mother cursed me that whosoever marries me will die untimely".

"But Akuna--

anyway I don't want to go back to the pasts,am sorry okay".

"as from today I don't want to see you with Akuna and her likes... did you hear me oma(beautiful)".

I blushed silently from where I was eavesdropping.

"good but for now I would love you to give me a grandson" I heard.

really--

can someone explain to me why she suddenly like lfe?.

the door opened,it was mother.

"since when have you been here?"she asked..

"no need i was looking for network" I took my lips in.I got a call that momment,she also got a call  
so she walked away.

I headed inside the spacious royal bedroom where I met lfe,three maids were helping her lose her  
hair.

they bowed and left immediately,

I locked the door.

lfe was already standing,

she had on a white cardigan which is as low as her hips.

always shy.

"honey"I said and pecked her forehead, then I pecked her lips.

it turned into a kiss.

"you fell hot,why?"I asked and kissed her again then sent my hand to her back then into her loose  
hair.

"is that why you loosed your hair?" I asked.

our tongues met,

our kiss got intense filled with uncontrollable desires..  
she sent her hand to my back up to my shoulders from behind.

she reciprocated softly, and moaned happily as I kissed her neck down into her cleavages.

"I want to go and make my hair" she whispered.

"the stylist will come here right" I asked.

"hmm yes but I want to go to the saloon instead, it's been long I walk around" she said.

"I will follow you, baby" I said.

"don't say that, did you forget what you are" she covered my face cutely.

I removed it and kissed it.

I pray there won't be meetings with governors tonight, not even ball parties again..

I want to spend romantic nights with Ife...

"okay, I love you... take guards along" I said.. and kissed those yummy lips again.

"did you see the money I kept for you?" I asked.

"yes but I haven't touched it.. I haven't used the last one" she replied.

the door opened,

I turned it was a maid.

"I'm sorry your highness... I don't mean to intrude---

"it's okay" I said and left Ife's waist slowly, I peck her forehead again and left for the prince empire to see my twinnie.

I entered without knocking and left for his inner room where I started hearing voices.

"oh yeah!

"prince jedinna!!

"yeah!!

"faster faster!!

"oh my god!!!!!!!!!!

"oucccchhhh!!!!

"yeah!!!!!!

"hit it harder!!!!

I left his inner room door and stayed in the living room where I took many business calls... My manager had called me to minimize my endorsement deals. He said the money I am making in a week is much. Not to even talk of what my companies pull in.

so I don't even understand where my wealth is growing too..

"your highness!!!

I heard voices and turned.

it turned out to be two young maidens, one was dark the other is fair but not too light.

they look sweaty..

I guess Jedinna just used them.

"do you come here everyday?"I asked

\*umm no,your highness please forgive---

Jedinna approached downstairs.

"why are you stopping my harlots! he asked..

the maidens ran out.

I rolled my eyeballs.

"actually I came here to tell you about some endorsements deals you might love to work on them" I said.

"I don't need you to show me the paths to make money"he replied harshly.

"Just say you won't be chanced" I replied.

"you don't need to tell the deaf that war has begun"he said.

I looked at him in full surprise.

"hope you're not referring to your brother with that proverb?"I asked.

he walked out...

I left angrily.

AdeifeAdeifep.o.v

I branched ngozi's house first.

her happiness knew no bounds when she saw me..

I spend more time in her place and told the guards to stay outside.

we were done talking,

she followed me to the saloon,we still chit chat on our way.

And when I told her the queen now likes me,her happiness went wild.

we approached my father's house.

we always have to pass there before getting to the big saloon.

onome was seen outside talking to a woman..

\*queen Adeife,hi\* the woman said.

"good evening ma'am" I greeted humbly. I can't recollect where I knew her from.

onome stared at me with that devilish eyes.

"good evening mama" I greeted so it won't look like I snubbed her.

\*who are you greeting?"olamma came out of the blues.

"do I look like your worthless mother, am not your mother I can never be..

next time you call me mama,I will make sure I slap all your teeth out of your mouth" my step mother rants.

"I'm sorry Onome"I replied.

"what did you just call me?"my step mother asked in amusement as her mouth hung open.

Ngozi cleared her throat."you said she should not call you mama so she called you by your name... why are you suddenly shouting or do you want her to call you by your last name" ngozi responded in a smile.

onome got angry.

just then a car packed in front of the gate....

I recognized it immediately, it was my father.

I quickly look away then I took ngozi's hand..

my father stepped out,

indeed he is a wealthy man,

he was on a call.Olamma rushed to collect the parcel he was holding.

he didn't even look in my direction, he walked into the compound.

Ngozi and I started leaving.

until olamma turned and shouted.

"Adeife am not scared and even if you are crowned the queen which i know you won't find your mother,

you're not even better than me.....

olamma shouted.

and my father turned back---

"who is Adeife and where is she?----

FINALE.SEASON 3

episode 8

"Adeife is your daughter"ngozi said.

"my daughter---

when did I ..

"honey let's go in,you just returned from traveling,you must be tired" onome cuts in.

my father got a call,

that was when onome move closer to kiss his sides of cheeks.

"okay okay"he said into his calls.

onome led him in and locked the gate

"what type of human is your step mother, she acts so diabolic"ngozi said.

"let's go to the saloon already" I said.

the gate opened,it was olamma.

"happy queen in advance...you still have to beg my mother to act as your mother"she said.

"what exactly do you know about my mother...."I said.

"I don't think I have time to banter words with you,hell is the only place you can meet your mother"olamma said.

ngozi opened her mouth in surprise.

"shey I lie"olamma said.

I opened my right hand and look into it properly.

"olamma,the moon and star is mine. no matter what...

but I hope this make you happy!

you were part of my story doesn't mean you know my beginning and I won't let you know my end!

I said and walk out on her.

ngozi followed me,

soon we got to the saloon.

The chubby woman who gave me a card the other day came to me."hi, I hope you still remember me".

"good evening ma'am"I replied

"and about the deal of using what you have to get what you want have you thought about it?? she asked.

you didn't even call me to give a feedback or don't you have a phone?"she asked.

by then,I already sat and the stylist was already making my hair.

soon i was done, the chubby woman still came to me and explained deeply to me on ads and brand promotions

Ngozi took me to a corner."are you really interested,i don't trust all these city people most of them always come to the village and take innocent girls to the city with a promise of them making it big but the reverse is the case as they always use them for prostitution,sex toys and escorts for wealthy politicians".

"waaaaat...

am not even interested. Firstly lotanna doesn't know about it, he said he doesn't want me to work under someone, secondly have misplaced the card"I told her.

we turned to leave,

the woman came again with a smile.

"my dear you're leaving already"she said,I nodded in a smile.

"about what I told you about,have you thought about it?"she asked.

"ummm I..."I scratched the back of my neck,my problem is that I don't know how to say no to elders.

"my dear I mean no harm and you are the one that will gain more benefits,this thing is not even difficult it won't even take 2hours. All you need to do is to get into the studio with me ...

change into our brands,

there would be recording clips and even projectors,

if you're good enough to attract clients which I know you will... then you've made it big already.

my boss won't hesitate to fly you to Australia...my boss is someone who is after talents"she explained.

I stayed quiet as I didn't say a word.

the woman faced ngozi.

"can you talk to your friend,it won't take much time"she said.

ngozi shook her head."she's not interested and besides you are a stranger".

the stylist who always make my hair came."she's not a stranger,she works with spavox and they created a branch here recently"she said.

ngozi and I exchange glances.

"come let me take you there! the woman took my hand before I could say a word.

ngozi and I followed her to her car.

soon we arrived.

my mind came to ease,we didn't really go far.

we entered the industry,

the air condition inside was very strong and there were many glass doors there as well.

"this is lady Adeife...

she will be advertising for spavox if her first attempt is good enough" the woman introduced me to her workers

"waoow she's pretty"

"exactly she befits our standard!

"but she looks like Mrs Adesola!

I kept checking time.

"she's my sister can she follow me" I asked.

"sure,feel at ease"the woman said.

two ladies took me to the dressing room...

I got transformed within minutes.

hmmm it's today I knew how endowed I am..

have never praised myself but I did today.I look smokingly hot in the city dress...

have not done something like this before,how am I sure.

thank goodness for my online classes.

Aunty Linda taught me what to say, my brain was active so i captured everything and even the walking steps.

we set out for the booths,

so many lights flashed...

after an hour,it was over.

I got back to the dressing room where I changed into my clothes.

then I went to meet ngozi who was waiting for me. in the section was w large portrait or a very beautiful woman...

even a dumb person will know we look alike.

"this woman looks like you\*ngozi said...

I touched the portraits

"ohh that's Mrs Adesola,she is the owner of Spavox in the whole wide world" she said.

"she's pretty" I said.

"like you" she replied.

"common life we need to go" ngozi said...

"excuse me, what's your mother name?" the woman called me back.

"my mom...."

"her name is "Erinfolami".

I said.

that's the name my father told me.

ngozi and I chitchat as we headed back home.

on our way we heard rumors like.

"he will be crowned tomorrow"

"so much enjoyments and funs"

"am happy the dates changed"

"I mean who would wait for 13 days"

waaaaaatttt!!!

I gasped...

mother when will you come

Akuna's p.o.v

olamma hasn't still told me what I need to know about Adeife's background. I thought they said IFE's mother is a slave and that her husband bought her out of slave because he fell in love with her.

I mean I have so many questions.

but she said I should meet with her so that she can explain.

I adjusted my dress and took my purse, the door to my room opened.

I turned it was my mother.

"eeeh eeeeh eeehhh

you're going again, can't you stay one place and think of a better future, all these people will use you.....

"mom, can you stop disturbing my life am tired of my life being imagined by you, I hate to be controlled" I said and walked out on her.

I got outside, I got a call from Mrs Adesola, I picked it immediately...

"Okay madam am almost there"  
i said and took a cab.

soon I got to the place,  
where I met a blue flashy car, the woman step out and I can't believe the securities that covered her.

it even makes me hate lfe the more..  
mrs Adesola I swear i want to show your daughter but no,lfe must not see you...  
not now....

"am about going to deerah kingdom" she said.  
conniption gripped me,she will surely see lfe there.

"no,you can't go there now..  
they are doing 14days sacrifice, anyone that moves in will be used as a sacrificial lamb.  
the sacrifice is ending next week" I lied.

"okay,guess I would just logde in an hotel" she said,  
I felt relieved.

Lotanna's p.o.v  
I would be crowned king tomorrow as a result of change in date.

ife's mom where are you?  
is there still hope or are you dead as said by onome

and when I asked my guards to summon onome to the palace,I asked her about IFE's mother she  
said she has been the one taking care of lfe ever since the death of her mother.

she took us to a grave but I doubt it if lfe's mom is actually dead.  
I don't even know who to believe.  
Even her father self,gosh everything is annoying.

what do I do now??  
God I need a miracle.

Jedinna came into my suite shortly afterwards..  
"how on earth do you think you can have two precious things to yourself? A beautiful girl and a  
throne" he said.

"are you with brains at all?" I said to him... he has recently turn to something else.  
"I would presume you don't wanna say a thing to hurt your blood" I said,  
he walked out.

nkem walked in.

Jedinna walked out.

the worst part is that I can't move out  
are the council of ministers actually doing this purposely..

"how far?" nkem asked.

"I have a suggestion, why not let's use IFE's step sister as a bait" I said.

"perfect..I will try.

while I do that, go and calm lfe down" he said.

I left my suite for the place she is.

The door opened automatically,

I didn't see her in the living room, i only saw like six maids attending to different accessories..

"long life your Highness" they bowed..

I nodded and headed upstairs for the bedroom where I met her laying on the bed.

is she crying???

"honey?" I called.

"where's my mom... onome is lying. If my mother is really dead then why does she always insult me with her" she said.

"I said....we will find her" I said.

"when...tomorrow is the day" she said, she already stood up..

"tomorrow hasn't come! I said.

"but baby--

"it's not your fault" I said.

"but honey---

there's a girl right here with me..

her name is lfe...

lfe who doesn't BELIEVE her mother would come"

I sang in a low voice.

she chuckled.

even her mother said my baby I will come...  
if time separate us, my baby believe and I will come.  
if darkness come between us, believe I can always light it..  
I sang,  
she chuckled in a smile.

my purity---  
"I love you" she smiled and hugged me...  
"pay me with a kiss" I said.  
hunnn...she kissed my cheeks.  
"that's not a kiss" I said.  
she left me and want to the run away, lfe wait!!!

she dodge and ran round the spacious bedroom.  
again, she dodge and climb on the bed where I caught her.

we both fell on the bed staring sweetly into each other's face...  
I feel like...  
ohh my eyes..you know grabbing those yansh.  
what a temptation,  
I love the fact she's wildly set.

And this white robe, I love it.  
I could see her cleavages, the robe was loose as a result of the running.

I moved close to her on the bed,  
she turned her face away.  
"seriously" I said and tickled her till she rolled to me.  
you should hear her laugh wildly.

now, I can see clearly.  
gosh my eyes won't give up.  
I was staring until she covered it with her hands, I kissed it until she removed it..

she hugged me on bed.  
"this your singlet, I love it" I said.  
she giggled as I tried putting my hand in.

"leave my breasts alone for me!  
she giggled.  
"I love your pant too" I whispered.  
"whaaaat, can you see it? but you said you can't see at night" she said.

"well,I can't see at night but I always imagine it"I said.  
I laughed inwardly.

"I love your singlet"I said.

"you love my singlet or you love my breasts or you want to rest your head there...stay one place"she said.

I smiled she caught me already.

"you're so spoilt"I said.

"you spoilt me"she replied in a smile.

"soo tomorrow we will do it right?" I asked....

she didn't talk,she used a pillow to cover her face.

"fine I want to rest my head there"

I said..

"hunn! she removed the pillow..

I rest my head on her breasts and ate into her nipples softly from the singlet.

"tomorrow" I said.

"Night"she said.

we both laughed into nothing.

FINALE.SEASON 3

episode 9

Adeife's p.o.v

lotanna rolled out of me,he still pecked my cleavages.

did he think am sleeping?.

I also rolled but he already walk out.

mother where are you?

God please I need a miracle.

my phone rang where I kept it,I checked it and it was ngozi.

"the dresses you sent for tomorrow's party...which one exactly,so many patterns gives me

headache"she said.

"the red one"I replied.

"okay"she said and hung up.

I turned and lotanna was watching me.when did he walk into the bedroom?.

he already changed into another royal robe already,his hair fell free.

we have not even spent more time together as couple.

he deep his leg well in the white bedroom slippers and checked his phone before moving into me on the bed.

"let's leave tomorrow for destiny,what will be will be"he said.I nodded and moved out of the bed to the toilet.

I walked out and gently crawled into the bed.

"your hair is pretty"he said in a sweet smile, I smiled and he came to my back and tied the white sleeping cap for me.

he took my hand and helped me lie on the bed..

"honey"I smiled when he moved me to lie on his body.

hmmm tomorrow night,

am a very shy person... how am I sure I can stand lotanna seeing my nakedness.

he wrapped his arms around me,

I smiled sweetly and relaxed my face on his chest but he was still pressing his phone and the room light was dimmed.

Jedinna,I keep asking you when did you get like this?....

do you think I really want to become the king??? cut it off and don't spoil my good mood.

you know how I get whenever am angry",I heard him say into his phone

he hung up and threw the phone.

hmmm and I thought Jedinna is as calm as a dove..

I bent in a curl and used both of my hands to touch lotanna then kiss him quietly.... he smiled and kissed me back.

I balance well and held him,

then brushed my fingers behind him.

we kissed passionately, locking and unlocking, eating into tongues.

he kissed my neck into my ears  
then my lips to my neck then to my cleavages...  
I moaned into his ears.

his hands moved underneath my thighs, the kiss got intense...  
he touched my pant line where I got scared.

I unlocked from the kiss and look in his eyes then I quickly turn my back against him.  
he followed my back.

He kissed the line of my body that was exposed in the robe...  
I gasped when I felt something hard against my robust butt....

don't tell me...lotanna just  
I got shy...I still felt it hard and good it was so sweet.

lotanna smiled and stopped the kiss.  
he watch me feel shy,  
the air conditioner made the moment more pleasurable..

it felt sweet, so strong and intense.  
lotanna must be a bad boy to have hit the right spot.

He moved into me again.  
"your body is for only me remember" he said and kissed my ears in an half hitting manner..  
I smiled as I felt sweet in the inside and he gently pull me to himself with the hand where he wore  
his diamond ring.

he brushed me up from my back down to my pubic bones, his fingers down my butts.

then he caressed my hips and butts deliciously.

I felt it again...so sweet.  
but lotanna-- I closed my eyes.  
"baby look at me" he said.  
"hunn I don't want to" I replied.  
"she's getting spoilt already" he said and dipped his hands in between my thighs.

"honey...my pants---  
"shhh, I just want to play" he said.  
"play with what--don't shift my pant- you know" I was saying.

he kissed me.

"you don't trust your--

"fine, I trust" I said and turn well for him..he rearranged my waist bed and left his hand there.

A maid knocked.

"his highness"we heard voices as a result of the intercom.

lotanna left me,I crawled out of the bed and went to answer the door.

it turned out to be chioma.

"unnnmmm..you"she stammered.

I moved out properly and closed the door.

"what???"I said.

she had her head down...I will be a queen tomorrow,I think she still find it difficult to believe.

"Adeif....sorry...

young queen the new..."she stammered.

"who sent you to me?"I asked,I really don't trust chioma.

"someone is waiting for you outside" she said.

"who?"I asked.

"ngozi"she said.

"ngozi didn't tell me she is coming and even if she will,she always get me notified" I said abf

brought out my phone from my robe pocket,

I called ngozi small phone,

she pick up.

"baby are you at the gate?"I asked.

"gate kwa...am at home,in fact sleeping your call woke me up...

its even good you called,the chubby woman called my number and asked for your other name

should I tell her?"she asked.

"tell her Ifedioku" I said.

"bye"she hung up.

I looked at chioma.

"are you planning to sell me out because I don't understand you.Now go back and tell the person that sent you that you didn't meet me\*I says and entered.

I locked the door and carried the plate of apple to lotanna,I placed the neat tray on a pillow.

Lotanna ate apple from my hand.

"since when did you fall in love with me?"he asked.

"love?? I don't know what that means then.Does a person who always get maltreated feel loved..

that first day we met,when I wound you with my pot...I didn't fell in love oo and those times I helped you, I always pray I should not fall in love with someone that is too perfect to be mine"I said,

he smiled cutely and also fed me with apples.

"if I were still ugly,will you still like me?"I asked,he smiled.

"am not after beautiful face...

I actually fell in love with you that day at royals when I saved you from drowning in the cold river...

I knew you were my type of girl.

a girl I can trust,

someone who isn't cheap,

someone who is not after material things..

I loved you when I find out it as always being you but was scared to say it for some reasons"he said.

"and you snubbed me....why? am I too local to be proud of?"I asked.

he smiled and pressed an apple against my lips.

"I didn't snub you.....maybe that's what you see my attitude as.

You also need punishment for always hiding"he said.

I laughed.

"take off your robe"he said.

"hunnn..it's transparent--

"honey but--

"off off off"he said.

I kept the apple tray aside and removed the robe in his presence.

the innerwear was so transparent,

lotanna satisfied his eyes.

I fell on him,we cuddled into sleep.

Arinze's p.o.v

I already arrived at the stream,

no one was there.

I wanted to see nkem since he always come here very early in the morning...

then it hit me what today really is,  
today is a celebration day.

I rushed off to the golden hall where the coronation of king lotanna would take place and  
gosh,everywhere was crowded with people..

nkem where are you?  
I looked well,it was nowhere to be found.

Adeife's p.o.v  
ngozi was with me that morning and she was even the one ordering the maids... how sweet.

aunty tracy came in.  
I got happy as I rushed to kiss her but I felt something in her tommy- a small baby bump..  
is it pregnancy or she ate too much?

"aunty I miss you"I said.  
she smiled and peck my cheeks.  
"you see,I came here for you...after today am leaving to America"she said, I nodded.  
"thank you ma'am"I said.  
she kissed my cheeks again and left

the door was opened for whosoever that wants to greet me.

Akuna and her crews catwalked in.  
she still doesn't have shame after everything.

"Akuna look at the low lifeless bane lotanna choose"xara said,Akuna smiled.

"Ife are you really marrying lotanna?" she said.  
"Am not only going to marry lotanna, have also agreed to give his mother a grandson"I said.

"a grandson when they didn't pay your bride price because your father disowned you"Akuna said.

"well it is a good thing my father disowned me...so that someday he will realize how worthy of a  
rare gem he lost"I replied.

"hmm her eyes has opened...she now wear clothes brand higher than Akuna...I heard she  
advertise for spavox,lucky her" Adaeze said.

I faced Ebere,now my friend.  
not a maid anymore.

where is shadia,I miss her.

Olamma's p.o.v

the queen was coming,

Akuna quickly hide.She still hasn't gotten enough courage to face queen chiamaka.

she's not suppose to come out.

I wonder what is so important.

Lotanna came out,behind him was Jedinna.

All the girls to my right screamed.

this life is not balance at all, isn't this the same set of people that always praise Akuna..

now no one notice her.

Akuna shucks out,I followed her.

"if I were you,I wouldn't even come here today"amarachi said.

Akuna got angry and left.

I followed her.

"my mother said she will come here and shout that she didn't give Ife out and the coronation will be canceled. My mother is still IFE's guardian, she have right over her"I said.

"now,can we go and change"

Xara said when she saw a set of cute princesses from far kingdom walking in..

"okay"she said and we all left for my house where we planned to dress.

"my daughters!! my mother beamed as soon as we entered.

she was already dressed.

"didn't you promise to get Ife back, you are still are guardian,the queen really thinks you will let her be" I said

"you just watch! Adeife shall never marry the king,not when am alive" my mother said.

"Am done..meet me there" she said and carried her slivery purse.

A car drove in,

my father I guess.

I checked the window,it was him.

"perfect...my father always listens to my mother. They won't put hand and Ife won't marry the king.

it's either the coronation is canceled or they help Lotanna get a temporary wife".

I smiled to myself,  
we all got dressed.

"dear, can you imagine Obiageli (that's the name my mother used to call life in the presence of my father... my dad doesn't even know who Adeife is)..

"yes Obiageli...that stupid girl"  
my father said.

I smiled.

"you know I told you she ran away from the place we asked her to work as maid....you won't believe the king that supposed to marry your own daughter choose her" my mother quickly lied.

"what nonsense, that must be canceled" my father said.  
Akuna maid servants were also ready.

"get into the car---

Another car drove in..

so expensive car. who can this be? I mean we are not expecting any visitors or did the person miss road.

the owner step out,  
Akuna quickly turn back.

"Akuna is this what you are?".  
the woman asked.  
"ma'am!!! I...I..." Akuna stammered.

"is there something you came back to pick?" my mother asked the woman.

"is there something you knew I would come back for...

wó wèré ni gbógbò wa asó ló bó iwa everybody....

omo mi daaaa!!! (we all are mad, cloth is what cover our behavior, where is my daughter)." the woman said.

a deaf would know she is life's mother, the woman was a hit....  
sooo clean from her hair to the nails of her feet.

"Adesola" my mother called with hurry..

"Ndidi amaka!! the woman also called  
my father looked so confused.

"Adaobi!!!! my mother shouted.

our house help quickly rush out kneeling down,the woman look over to herrrr.

"is that my daughter???

episode 10

"is that my daughter?"

she asked and walked to where Adaobi was,she turned swiftly to Akuna.

"do you have a bigger motive for not telling me where purity is?"she asks.

"mama"Adaobi said.

"what are you still waiting for,meet your mother already"Akuna said.

the woman clapped her hands dramatically and grabbed Akuna by her hair..

"where is my daughter! next time you try this nonsense by deceiving me like a fool,I will beat you like a small child"mrs Adesola said and held Akuna's hair more tightly

Akuna's guards couldn't move.

the woman left Akuna's hair,Akuna fell down.

"and you----

am I your mother....are you looking for your mother.hump I will advice you not to follow whatever thing they might have said to you! Mrs Adesola shouted sternly at Adaobi.

Xara flinched from where she stood.

"aah this woman is as hot as fire" nneka whispered,  
she quickly run to the gate because of the fear of the unknown.

"madam!.

"since you don't want to tell me where my daughter is in peace,I will make you say it with stick".

my dad watched everything like a movie. only me knows that what happened to him is not

ordinary.

"where's my daughter!

say it now!! Mrs Adesola shouted at my mother,a diamond stone fell from her cloth but she doesn't care.

"where's purity?

"who is purity?",my father asked.

Onome faced Adesola."did you ask me to watch over her and besides when did I become a daughter watcher".

Mrs Adesola grabbed my mother and locked her top like she's dealing with a criminal,she used her other hand to remove her head tie,  
one of her guards caught it.

"Adesola,if I touch you this time...you will die"mama said.

"eeeeh eeehh oya touch me...

start touching me,

I will ruin your reputations. You still don't want to show me my daughter abi.. okay,I won't leave until I enter your nose you this slimming worthless gold digging whore made from the product of and unwanted sperm!! Mrs adesola said.

the people who were watching covered their mouths.

isn't it obvious that the insult is much

"listen it is obvious you are looking for trouble and that trouble you will get it....."mama said.

"Ndidiama you've done enough,

it is obvious you're a witch,

you've tried so hard in hypnotizing my husband so he go against me and you also made me forget my pasts..

now that I am back to take my child, I will fight you with the last drop of my blood"Mrs Adesola shouted.

our compound was already crowded,

more crowd tropped in,

I didn't know when I started crying..my mama is being humiliated like a play thing in my presence.

"what is it,my mother doesn't have your daughter"I said and picked a nearby iron rod.

"who is this little rat?"she said.

people were trying to separate them but Mrs Adesola didn't agree.

I got frustrated and raise the iron rod to hit her.

someone collected the rod from me.

"what are you trying to do

"hit me with the rod???" she asked,

next I felt the prints of her hand on my cheeks, for one minutes I could not see well.

Mrs Adesola slapped me with the back of her hand as Arinze took the rod from me.

behind Arinze was nkem.

my dad looked confused as he didn't move from where he was standing.

"where's purity before I call my lawyers"Mrs Adesola said.

nkem went to her and said some things to her.

"Adeife right? you look like her,she must be your daughter" nkem said.

hmmm Adeife's mom...

IFE's mom!!!!!!

but what could have happened..

hmmm this is tough..

she nodded and left my mother.

"Jé kin rì apá lará omo mi...iwo ati awon ara ilé eee ma kú si ewón( let me see any mark on my daughter... believe me you and your household will die in prison!!! she said angrily to mama and rushed out to her car,

her driver was quick to open the door for her,nkem followed.

so many annoying questions came up, it made mama rushed in angrily and I followed her.

she locked the main door and paced to and fro in the room.

my dad rushed in."is there anything you're hiding from me...I mean I feel lost like something is missing".

I stood up holding my cheeks,I had crazy tears on my eyes the place the woman slapped was already red."papa that woman slapped me and embarased mother in front of everyone but you didn't do anything".

He got furious."will you just shut up".

I wiped my tears with the back of my palms..

"papa you just shouted at me,  
it's me olamma your precious jewel, your sunshine,  
your mirror....  
the sugar in your tea and garri" I said with crazy tears.

"now shut up before I slap those dirty teeth of yours out of your dirty mouth when did I tell you  
you're my precious jewel and why would I call you my mirror...

which mirror??

Am I drunk-----

is it the one that have broken a long time ago---

you will not only see sugar in your tea,you will see salt and sand in your garri" papa bursted.

our housemaid rushed in with ointment in her hand,she was ready to rub that spot.  
I covered my face and sob quietly.

I got slapped in the presence of my presence and even Nkem..my forever crush.

"Onome,I demand you to explain all what happened an hour ago.  
who's purity???"he asked.

"it's nothing"mama replied with a deadly glare.

"I demand to know because am not blind I saw everything"he said.

"mr man go and sit down one place" mama replied like she is talking to a little kid.

"did you use me and what exactly have you given me to eat"he said, his anger was more visible.

hmmm,he is speaking back to mama, this is so unusual,this has never happened.  
he always listen to her.  
Accept her yes as yes and her no as no...

"what is it,I said it is nothing--.

"what exactly have you given me to eat....any day you try to raise your voice at me,I will make sure  
you regret it"papa said..

"I will....

the next thing that happened shocked me,the mirror I was holding fell and it shattered.

our house help ran out.

I stood crying watching dad beat mother to a pulp and like a punching bag.

Lotanna's p.o.v

people who wanted to see the coronation got much, everything was going smoothly but the noise is disheartening,  
everywhere got so loud.

where's Nkem???

Adeife got moddy immediately she saw the crowd, she got so nervous although they are still dressing her up...

she would sit beside me on the throne..

"Lotanna you really want to marry that girl without a bride price?" Jedinna asked.

I looked at him and took my lips in.

"I hope this wouldn't be like the rest" I said.

"hmm" he said.

"but be rest assured that I would catch whosoever that have a have in this.....only the gods will save the soil from the type of punishments I planned" I replied.

"so tell me, what punishment have you reserved for the person." he asks

I looked at him with a corner of my eyes in the royal table section we sat

"are you feeling pity for the victim already...as at the last time I checked, its my business not yours" I replied..

"is there anything you're hiding from me???" he asked.

"is there anything you would love to hear from my mouth?" I asked back.

my special adviser came.

"your highness... you ought to be inside and not here, it's not safe for your here" he said..

seriously I forgot I was the king,

I stood up and entered one of the suites where I met guards who wouldn't stop bowing to me.

I should check on Ife in her dressing room.

I stood up and bounced walked to the door.

"you shouldn't go out" a guard said.

I opened the door and went out.

soon I found IFE's suite,

nkem approached in the other direction with a woman by then I already opened the door.  
"where's my daughter?"the woman asked.

I saw the striking resemblance between her and ife..

"good afternoon mother"I greeted.

"same here my king"she replied.

ohh I even forgot I dressed as a king and besides the bead bracelets would tell her i was one.

the queen came at the right time.

"Good afternoon, my queen! the woman whom I presume to be ife's mom greeted.

"same.....

is this not....."mother stammered.

ife quickly step out..

ohh my gosh,she nailed it.

Her appearance was gorgeous, like a real queen.

Soo crazily set,I guess our tonight would be so romance filled...

what a pack of seduction?

such a hit,the resemblance between her and the woman was now very visible

"ohh it's me.

"Adesola...that same Adesola

"Are you so much shocked our eyes met again---

"it's me,it's really me! the woman said..

"this is Adeife's mom! nkem said.

"whaaaaaaaaaattt! mother gasped.

"Ade mi(my crown)

"olwoorimi(my wealth creator)

"Ayanfe mi(my beloved)....

"where are you belongings? go and pack them because we are leaving now...I will call my manager to book a flight for Dubai now" the woman said..

"Adesola"mother called.

"chiamaka"the woman replied.

episode 11

Adeife'sp.o.v

the woman whom i presume to be my mother rolled her eyes abruptly from the queen.At that point,I got confused.

seriously will this coronation still take place.It is obvious there is something between the two mothers and mine just called the queen directly by her name "chiamaka" without any title.

everyone excused us,  
only me and her were left.

"why did you left me...I was treated badly by papa and onome if not for aunty Tracy I would....  
I said as I hugged her.

"am sorry onome caused it all" she said into the hug.

"it's okay,now am back right?"she said.

I smiled but it came out with tears.

she smiled and felt my skin,she smelt my shoulder as she held me tight.

"what are you eating huni...who took care of you..I never imagined you could be this pretty"she said.

I stayed quiet as she touched me softer.

"you look so healthy...I wonder what I would have been if I hadn't find you,  
you gave me reasons to live,  
I feel so special having you as my daughter,  
I feel honoured that you didn't die till I returned,you stayed strong.

now that I have found you,  
I won't allow anyone take you away from me..  
I will spoil you for myself with everything I have

you will swim in my attention and get oiled with my wealth,  
I won't stop until the world hears your voice"she said and traced my eyelashes.

I smiled quietly.

Am still finding it difficult to believe that this is my mother,

she smells of wealth.

chaili was even scared to touch her skin that time we hugged.

she made a call in my presence, telling someone to arrange a quick flight to Dubai for us.  
she dropped her call and ask me to start packing my belongings, my jaws dropped down.

lotanna came on my mind,

I was suppose to be his queen today.

I checked time and gosh, 20 more minutes for him to be crowned.

"you've been waiting for me for so long, now that you have seen me don't you want to leave again" she asked.

the door burst opened,

I turned it was queen chiamaka.

the two mothers look into each others eyes and quietly look away.

there's really something between them. I think it has to do with why the queen used to call me abomination in the past.

"Adesola" the queen called.

my mother faced her abruptly.

"umm chiamaka I will never be an ingrate and I will like to use this opportunity to thank you and your household for taking my daughter in and not giving her away to the devilish onome..

I say a very big thank you for everything and if you want anything in return am really capable of returning it. And besides am leaving with my daughter today. Have heard enough of how bad Adeife was treated in my absence" my mom said.

uhhhhm she knew,

who told her? -I suspect Ngozi.

"Adesola... what else can I do to calm you down? I know you are still angry and whenever you're angry there's nothing you can't say.

please don't take her away" the queen said.

"why shouldn't I take her away.. why the sudden care umm chiamaka, we were never friends and you never cherish friends" my mother said.

"ummm my son is in love with your daughter.... in as much that I want her to stay, I can't because you are her mother" the queen said.

"says who--

if I had come back poor am very sure you will use your control to hold my daughter down and I won't allow that---

I watched like a zombie,  
my mother picked her bag,she took me by my right hand.  
Ready to leave.

"mama...I..I feel pressed"I said.  
Although it was a lie.  
she left me.and I ran to Lotanna's suite.

Just 10minutes left and he will be crowned.  
i knocked and entered,the projector screen turned off but I caught a little glimpse.I think what happened in the hallway screened.

I closed the suite door quietly,  
the guards quickly made way for me, lotanna dismissed them.

"obim(my heart)"I called.  
he was standing but his back was turned against me.

"ain't you going already...isn't your mom waiting"he asked.

"umm I don't want to go..She and your mom have issues,they don't seem to be on good terms..  
can you talk to my mom instead" I said,he didn't reply.

"Baby,you didn't say something"  
I said and went ahead to hug him from the back.  
he touched my hand on his waist where I wore the suppose to be queen's bracelet.

"I don't want to follow her,use your authority to hold her down.I know you have so much connections"I said

"Ife I have connections but it will be so cruel and inhuman of me to hold you down... she's your mother don't you want to be with her"he asked.

I stayed quiet.

"if we are meant to be,  
we will be without much stress

although I don't believe in destiny but I did from the very first day I met you..

that day,you smiled back because you knew we are destined."

he whispered and kissed my neck .

he unlocked and look in my face.

he watched me for a while,

I too was lost looking in his eyes

then his lips....

my eyes have no control.

Lotanna suddenly looked me in a different way,

our lips got closed,we kissed.

I smiled as I tightened the kiss

it got intense...we just feel like eating each other up and we planned to do it this night.

I unlocked and look in his eyes.

how does he cope staying with me without going in between my legs..

every guys I passed by always try but-----

He kissed my forehead tightly.

I played with the chain he wore. then he grabbed my hip and leaned in to kiss me again,the door burst open.

Lotanna didn't leave me,

he didn't bother leaving my hips as he turned to look who was there.

it was my mother--

Ready to take me away.

"guess she's here to get you...I will get a replacement for today's coronation but I don't think I will be able to love any girl"he whispered.

I nodded with a pained expression then he left me,I went to my mother.

"do you love my daughter like for real and not for her beauty.Am quiet aware of the type of life kings live.

After her,you will still get more wives which means your love for my daughter is punishment" she said.

Lotanna turned in a cute smile."If I had love her for her beauty,I would have taken her pride and take advantage of her not having a family and if perhaps I want her to stay... there's nothing you

can do, guess you're lucky am not a wicked king" lotanna replied.

I covered my mouth.

He should have begged instead of speaking to my mother in that manner.

"if you're planning to take my daughter away...it won't work" my mother said and placed a call.

"suite yourself"lotanna replied.

why is he speaking to my mom like this and what is he up to.

my mom had placed a call to someone.She ended the call and said "no one can take lfe from me".

A guard came on with lotanna's gold laided phone,the phone was ringing.

he picked the phone and looked into it quietly then he looked at my mother.

"Salvador?? isn't that boss of the person you called" he said and placed his call on a loud speaker.

Mr Nigeria,there is no motive attached to the Mrs Adesola's action. I plead with you to pardon her manners---

we heard with our own ears.

Lotanna hung up and threw the phone to one of the couch. He then look in my mom's face.

"If I want to take her forcefully, I will do that without much stress.

You're so lucky am not a wicked king" he said.

no words from my mother.

"Your highness you can now come out,it's time for you to wear the crown and we have gotten someone else to act as the que---" the guard paused.

My mother left me.

"what are you waiting for? go and meet him already...." she said.

Lotanna turned in full surprise.

I ran excitedly to his side so we could walk out together.

A guard opened the door for us until my mom spoke.

"wait"she said and came to us.

she took my right hand and fit it into Lotanna's hand....

"my daughter mustn't suffer,I just gave her out with my own hand" she said. I smiled.

"Adesola"the queen had called.

"I'm sorry"she said.

"for which crime? well am still angry with you"my mom smiled.

Lotanna and I walked into the hall where he would be crowned.

Everyone stood up,

All the princes stood up,

Jedinna stood up with shock all over his face.

FINALS.SEASON 3

episode 12

Akuna's p.o.v

i feel so stupid and embarrassed, how did ife mommy beat me at olamma's house.

my mother called so the princesses crew and I walked into the golden hall.I wouldn't have come but my mother had threatened to disown me if I don't.

there were so many people in the hall, so I and my crews choose a chair round a specific royal table.

"hmm you still have the gut to come here after all what that happened? are you not even ashamed of yourself,you still want to eat here?

don't worry eat,its a lifetime meal,  
the taste is very rich,enjoy"ngozi mocked.

"what nonsense?"nkem flared.

all eyes turned to us.

"Akuna can you see her" Xara said.

"guess you enjoyed the slap but first where is olamma,am scared she might not have eyes to see again" ngozi said.

Florence stood up and had wanted to slap her but reframed herself the moment lotanna look in our direction from the throne he sat on.

ngozi walked out of our table.

I know this is not over yet.

Lotanna rolled his eyeballs,he was crowned already but where is ife...

hmmm I so much hate that girl.

ife stepped out at once with many maids leading her downstairs.

Everywhere got heated up cos she caught everyone attention.

shadia smiled excitedly from where she sat.

ohh my good is that the ife!!!

she's more stunning than what you described...

so you mean I didn't describe her well...

she fits for a queen.

she's a fire in the cloth...

sooo yummy and pretty.

Everyone was smiling and drooling,

I battled with jealousy,

I hated the fact that she's pretty.

she was crowned right in the presence of everybody,her mother came out and took her hands in all smiles,she then handed ife hand to lotanna by herself in the presence of everybody.

everyone stood and clapped except for I and my crews.

lotanna said something to ife,

I couldn't hear because of the noise and probably the crowd.

"ohh my god"

"kiss kiss kiss"

"king,kiss her kiss her"

everyone shared most especially the maidens.

lotanna leaned into ife and stared deeply into her eyes..

ohh gosh...I rolled my eyeballs.

ife got shy and took her lips away,lotanna ended up kissing her cheeks instead of lips.

"kiss kiss kiss"

"lips...Kiss's"

"aaaahhh again!!!

everyone cheered.

"very soon she will be pregnant isn't that it...I would only be happy if lotanna gets another wife,I hate to see ife happy"nneka said.

Chat martinmartino on zero eight one eighty thirty fourteen twenty one to be added to his whatsapp group.

we watched,

they kiss passionately in front of everyone,locking and unlocking into each others tongues.

I rolled my eyeballs,

is my mother doing this to me purposely? telling me to come here and watch all these if not she will disown me.

shadia stood up clapping with her crews,ngozi jumped up and poured flowers everywhere.

everyone was happy for ife.

even prince jedioku clapped silently.

"Akuna,what's your mother doing there!!!

"don't tell me she wants to gift ife that gold anklet she promised to buy you"Adaeze said,I looked up and my mother handed it to ife right in everybody's presence.

I stood up angrily.

mother why

my phone beeped,I grabbed it and checked it.

I hope this serves as a lesson to girls like you" the message read.

I ran out angrily and boarded a cab.

Nkem's p.o.v

ngozi smiled happily as she ran up the stairs,

Arinze and Emeka walked up.

aunt Tracy already traveled back to banana island,she said she wants to check something in her house.

"Sir Nkem hy" ngozi said as if she was forced to add sir.

I know this girl,she is very disrespectful.

she bowed to IFE's mom who replied her with a smile.

does she likes her.

this troublesome girl,she might have used sir for me just to impress ife's mom who just walked away.

"nkem where can I see ife?"she asked,she suddenly talks like a sensible person.

"umm you just called me nkem,am I your mate"I replied

"ummm are you sure you want me to call you by what you want" she asked as she looked at my guards then look at me from head to toe.

I signalled my guards to leave.

she smiled dramatically.

"mr spaghetti dick,where can I see ife?"she asked.

"what the--

"yeah fuck"she completed.

she looked around like she's looking for something,anyways I enjoy seeing her face even though she's like a stick tiny with a shinning dark skin.

"I will show you there"I said.

"good"she said and followed me up.

"can I have your number,I will like to call you some other time"I said

"I don't give out my number" she replied.

"waaaaaaattt!!

'you think am lying"she said and showed me her phone where her contact list screened. Just "mom,customer,idiot,best,cute lotanna" just five contacts on her list.

"You're a womaninzer,I can't give you my number and I don't want friends. so spaghetti its a bye" she said and ran up.

she suddenly stopped.

"which way?"she asked,I smiled.

"why wouldn't you want a friend" I asked...

"do I actually look like your taste" she added.  
a maid came.

"madam,come I will show you" the maid said.  
she followed the maid up.  
I didn't know she was outspokenly stubborn.

hmmm how is ife coping with this girl,imagine almost shook her hand inside my eyes just because I want her number.

Mazi Kelechi's p.o.v

after so much beatings,  
the witch still refuse to confess,she even left the house since morning.

"olamma!!!! I shouted.

where can that little witch be? anyways her mother that looks like a masquerade is a greater witch.

I went to her room and met her inside crying and sitting on the floor.

"since morning you and our mother refuse to explain to me...  
for the last time,who is Adeife and who is purity?"I asked.

she cried the more and refused to answer....she wept.

"mama say make I no talk" she replied in pidgin language.

"seems you want it in a hard way" I said and went to her luggage and started throwing her clothes outside throw the window.

Perhaps if she leaves with her mother,I will gain my senses.

I was actually been wrapped under a woman as a fool for so long.

Olamma knelt down and held my leg.

"papa papa papa"

olamma said and held my leg more tight so I can stop pouring her things out.I pushed her down,onome entered that moment.

"kelechi what are you doing,throwing us out"onome said.

"am sorry you won't stay in this kind of environment "I said.

"papa please please please

why do you suddenly hate me so much, forgive me"olamma said.

"I do not hate you but the darkness that your mother threw me into made me hate you"I replied

she held my leg.

"dad please am sorry.Don't let us go far away I still want to stay with you and I don't want to be fatherless" olamma said ,I got weak as I look at onome.

"Papa that girl mama used to calm obiageli in your presence, the girl we always maltreat, the one you use to beat with cutlass and always make to fetch water from morning to midnight ...she is Adeife and the same person as purity...

she is my step sister...

and that woman that came to fought mama is your wife and IFE's mother. Am only a step sister" olamma said.

"will you shut up,

how dare you confess what you don't know" onome quickly slap olamma's mouth and she stopped confessing.

"why don't you want her to confess?

good,ruin her life the way you ruin yours....no one tells an insect climber how painful it will bit"I faced onome.

"papa...that's not all"

hmmmmm...what bad smell is that.

I quickly covered my nose,  
onome also covered her nose.  
soo stinking.

"what's smelling???"....

I rushed to the door,by the time I opened the door,the smell got I tense  
Olamma's face had already changed and everywhere was smelling badly.  
sooo punjent and choking...

Her beautiful face and skin was no more...

"papa mama why are you running away from me,am I the one that is smelling?" olamma asked.

Onome covered her nose well.

"is that why----

"no no no...."

olamma smelled herself.

instead of dying in confusion,I would rather leave the house for them.

I ran out as I couldn't withstand the smell.

Olamma's p.o.v

papa already ran outside because I now smell and stink so bad.

I smelt myself,

and perceived the bad of our of rotten egg.

I faced the mirror,

my tears stream down like water,I turned at my mother she was standing at the door with her nose covered.

"mama see how you spoilt my life!

I now stinks,my future is doomed

some words you should have tell me once and some advise I will have adhere to once...

but mama you never gave me any"

I sniffed and opened my wardrobe,

my once shinning skin already turn to something else...

sooooo worst.

I took a pack of perfume and sprayed it all on my body but I was disappointed it was only for a while.

until the smell arrived fully again.

"olamma"mama called.

"mom what's so wrong,look at me" I replied.

"umm olamma,I did all this for you.

yes I was a maid in this house and Adesola is a model who is always working on every cloth brand,

I started working here when she got pregnant and I was to baby sit the unborn ife.

well,Adesola didn't treat me back as she was the kindest woman have ever seen but you see olamma,I wanted the best for you.

so I took control of this household diabolically when ife clocked one month...that night,I had lured mazi kelechi into sex with me..

the product of that sex is you...

but you see...I worsened it"she said.

waaaaaaaatttt

"I blinded him and made him showered me with everything I know I can't make in the future...attention, money,time...he sets business for me and for a moment I got carried away with everything.....

"and you started bringing men into his house.If nothing else,I remembered how you rarely came home and I thought you always stays at shop"I said.

"olamma I was at shop"she said.

"no you weren't"I said.

"I said am---

"you didn't,Adanna told me she saw you having sex with papa ebuka in the living room the day she came to look for me" I said.

she didn't talk.

"mom you spoilt my life,what do you have to say about that"I asked.

she didn't say anything,

in tears I ran out.

People started covering nose for me and they distance themselves from me,the shame got much.  
my mom is not who I thought she is.

then when I was still little,

Adeife and I were best friends,

I even thought we are blood sisters until one night mama called me and told me something different,

it was that same night ife turned ugly and I became the most beautiful.

we treated her in disdain.

I was so little,I didn't know it was a bad thing but my mama made it look like that's how it feels to be in power.

That night,I walked alone into a deadly forest...now that I smell,I don't deserve to stay among human beings.

I sat under a tree in the forest,waiting patiently for the lucky animal.

The long awaited..

Adeife's p.o.v

I was taken into another suite entirely since the new palace building will be completed before the end of this week but gosh,I feel so nervous.

I couldn't even take off my clothes.

I cleared my throat and looked at the time then I look away.

the door opened,  
you should see the way my fear increased but hopefully it was the maids and each of them were carrying a box.

"my queen..prince Jedioku ask me to deliver this to you" one of the maids said and handed me a small parcel but the numerous boxes came from Lotanna.  
when I thought have seen it all, more boxes kept coming in.

"my queen this box is specially from queen mother"one of the maids said, I just nodded in a smile.  
the maids bowed and left.

Ugoma came in lastly since she is my personal maid.she made a puzzled look.  
"You haven't taken off your clothes already.Queen ife you need to dress sexily its night already"ugoma said.

hmmmm...  
Lotanna we will do it this night,I will allow you eat me up anyhow you want...I was making promises and my mouth was moving fast like calculator like I can really stand him seeing my nakedness,  
was my brain hanging then?.

"my queen"ugoma touched my shoulders abs smiled.  
she's actually a young lady whom am very comfortable with since she's married already.

"ummm I will sleep like this,I don't want to dress sexily and besides lotanna is busy attending to the royal imperials"I said,  
she smiled.  
"is it funny"I said

she held her smile and opened a box.  
"in case you changed your mind" she said and opened a box.I watched her keenly.

Red sexy pant with a hole underneath just in the right spot..

ugomma widened the pant so I can see.."Easy penetration,his highness wouldn't need to take it off.Your mom made it easier"she said.

and my fear started cooking up.  
sooo my mom bought....

Red bra...she brought it out,  
it was stonned with diamonds.

white seductive siglent which would be as low as my hips..  
soo transparent.  
A white sleeping cap,  
that's all.  
can I even wear that?.

"goodnight,enjoy your night"she bowed and left.  
I packed everything back into the box ohh I need to call ngozi.  
she picked immediately.  
"how far...remember my gift,enjoy it it won't hurt too much, you're a strong lady"she said..  
"hunnnn!! I hung up.

I checked time,the door opened and it was lotanna.  
I swallowed into nothing and looked where I was looking in the mirror.  
He dimmed the lights.

hmmm I can't believe we got married despite all the trials.  
I swallowed into nothing,he came to my back.

"baby are you stressed out"he asked and remove my crown.  
his eyes caught the percel jedioku had sent the maids to deliver to me and he opened it.

I didn't bother turning to him,as much as I want us to get in bed together, am shy of revealing my nakedness.

"I love you soooo much,  
Adeife you're really my type of woman but I guess I came late ~~~  
signed secret admire.

lotanna read it and brought out two precious earring.  
he tore the paper and throw the earring away.  
"honey"I called him shyly, he is so jealous.  
"you wont wear that"he said and kissed me softly from the back.

"lotanna!!!! I moaned loudly as he got touchy and press a lot.  
"baby!!! I made sweet sounds into the kiss..  
he unlocked and took off all the beads I wore and even my earrings.

"will you bath?"he asked.  
I looked in his eyes,what I saw was love as he kissed me all over again.

"if you don't want it now,I will wait. You're beautiful and tempting doesn't reduce my self control or my ability of waiting without cheating"he said.

"umm am ready,let me bath so it will reduce my nervousness"I said.  
he left me and I entered with the clothes ugoma had chosen for me.

I bath,  
I wore the red pant,  
I wore the singlet then I used a thick sleepwear jacket to cover myself.

I stepped out slowly,but lotanna was on phone.  
"your suite"I said.He carried me I held him tightly.

we got to his suite,it looked like a five star hotel, he locked the door and faced me.

he kissed my lips,  
our kiss was slow and steady and filled with lots of desires.Lotanna loosen the Jacket and pulled me more close with his fingers romancing every part of my body.

we kissed again and his fingers traveled into the up of my singlet, and he grabbed my breast.  
I made sweet sounds into the kiss, he held the tip of my wet nipples and tickled it with his thumbs..

I moaned loudly cos my body was wet.His fingers moved to the other wet breast which he traced from the singlet, I felt sweetness.

He pressed me a little harder.  
"Lotannnnnaaaa!!!! I screamed.

He smiled and lifted me to the bed which had a gold silky duvet,.there was just little light in the room.

He widened my leg and came in between,he even made me lock my legs around his waist.He took off his white top but his trousers sagged a little bit.

He made me rolled into him and took off my singlet.  
I got shy as I was only in the red pant  
I quickly turned my back against him, he moved into me and kissed my bare back till I turned.

I watched his wet tongue flip back and forth my breasts...

"aaaah lootannn!! I moaned softly.

he sucked harder.

"baby!!!! I said as I was lost in sweetness.

he looked down in between my legs and controlled his eyes that were glued to my hips.

He stared at my body extraordinarily different and satisfied his eyes with my nakedness.  
I got shy and hugged him on the bed.

"aaaiiisshh your body...is that why she named you "purity" he took my left nipples in his mouth.

I kept moaning loudly as he sucked me so softly,it got more sweeter as he wasn't rushing. I bite into my lips in sweetness.

He left my breast and kissed my lips,  
my nervousness disappeared and I moved the way he wanted.

He touched my pant where I got wet then he moved his hand to my butt and romanced there deliciously.

I became so wet.

I got so carried away by the sweetness, I left my body and didn't notice him brush his finger deep into my vag\*\*\*\*\* through the pant hole.

"mommm!!!!!! I screamed,  
he still caressed me there,I got crazily wet.his finger too was wet.

He turned me over with his finger still trapped there.

He came in between me and used the other hand to spread my leg well.

"baby,I love you"he whispered.

I nodded in sweetness.

he thrust his finger in and out,  
my walls wrapped around it tightly. He caressed the upper wall,  
the sweetness got to the highest.

"aaahhh heavens!!!!

I moaned and throw my head backwards, he still widen my legs so he would gain more access.

my moans went wild,the room was filled with my shouts.

Lotanna would smile out dimples each time I shout.

He dragged my pant down and took it off. He kissed my foot up to my leg then my thighs into my laps.

I got more wet,he kissed the other leg

He widen my legs and kissed my pu\*\*\*\*\*,

teasing my clits with his wet tongue.

I moaned loudly, the sweetness was sweeter than honey and his tongue moved in and out of my pussy faster.

He leaned to kiss me, I tasted myself from his tongue. His finger moved into my vagina again thrusting in and out.

"Ouch it really hurt" I screamed,

he widened my leg and kissed my full Tommy down into my waist.

he used my hand to unbuckle his belt, I got crazily shy to look at his dick so I used a pillow to cover my face.

"baby!! he whispered and removed the pillow, he leaned on me and deepened the kiss on my lips, his erection touched my entrance and I felt shivers.

He rubbed my entrance with the cap of his dick upwards to downwards, I ran wild with desires and held him tightly.

he rubbed me again.

"honey don't stop" I screamed and held him to myself in a pinching manner, he dragged me from my leg to himself.

I closed my eyes when his hardness touched me, I have never shouted so high in my life but I did now.

He added more force and held my hips firmly, I cried in pain as I tap the sides of the king sized bed.

something was cutting in my vagina and it really hurts.

I cried in pain and tapped the bed loudly.

"Am sorry" he whispered and kissed my tears into my lips. I felt a thick liquid gushing out of my vagina...

lotanna looked, it was blood.

"sorry baby" he said when he felt my blood... I still cried.

"am sorry" he still said and moved in and out of me slowest with care.

I moaned with so much pain.

He widened my leg and increased his pace, I felt so weak as I moaned in so much pains.

He moved faster, faster, faster....harder harder harder.

It's been so long,he desired us in bed together... I felt like my pussy will tear.  
it was hell but Lotanna was enjoying himself.

He leaned to kiss my pains away but it was damn painful.  
the bed was stained with my own blood and our sweats,I feel so weak.

He started doing it again,  
more faster... I moaned with pain, he moaned in enjoyment.  
He made me change style two different times...it was hell.

I got soooo weak,he stopped and realesed his seeds into me.  
the pain started afresh again,  
I turned my back against him as he cleaned me up while I nurse my pain.

I tied a red towel and catwalked into the washroom.  
I felt so much pain.

Lotanna came out,he wore a white top,a red 3-quartered short then a red foam bed slippers with  
his royal bracelet.  
only his earring was black and little.

He slept in the space behind me.  
I cried slowly.  
"baby"he called,I didn't answer.  
"sugar"he called,I didn't answer.  
"ifedimma"he called,I didn't answer.

He tried touching me,I moved away.  
"thank you"he said.  
"for what!!! don't talk to me"I said.  
"you know that's impossible, I can't stay without talking to you"he said.  
"then learn it,don't talk to me" I said as the pain arrived in fully.  
He touched my waist,  
I smiled but didn't allow him see it.  
"does it still hurt?"he asked,I ignored him intentionally and pretend to be crying...

"I love you"he said and hugged me with my blood.I didn't say anything.  
He kissed my forehead,  
I slept immediately.

Lotanna's p.o.v

she slept and slept,

all she felt was pain..

am so sorry...thank you so much.I promise to be always there for you like have always been,  
I will never hurt you or make you cry.

I covered her well and just kissed her shoulder from behind,

I kissed her neck,she was still sleeping.I hugged her tight and she shifted away from my body.

I covered her well and went to bath agauny white top was stained with her blood again.

I walked out in another white,

she was still sleeping,I changed into a red room slippers and called the maids line to bring pepper  
soup for my queen.

I turned to look at her on the bed,

she already opened her eyes but covered it with a pillow.

"good morning your highness" I heard her say.

I nodded.

I hope nothing changes after what we did yesterday night.I have never enjoyed being with females  
but you drove me wild,I felt like eating you up.

deflowering you is one of the best thing that has ever happened to me and I count myself lucky.

I know you're too beautiful for me,

your skin not even a blemish,

I enjoyed your moan deep in my soul and how you act shyly each time you enjoyed something.  
have noticed it several times and whenever we are together.

you're just too sweet and everything about you is worth watching so much that I see how much  
you want me alive.

I hope you won't leave me.

I connected my calls to my earpuds and entered the bathroom to set her bath then I came back  
opening a box

I moved to her and remove the pillow she used to cover her face,

she smiled in little tears as she played with the gold duvet covering her nakedness, the blood stains could be seen clearly.

"thank you for yesterday night" I said and brush my hand into her back to carry her up,  
"I'm happy it was you" she looked away in smiles.  
"is this the height of your shyness" I said.

she hugged me tight.

"where did you go earlier?" she asked slowly.

"ummm I was sorting out money at the dinning" I said, she nodded.

I wrapped her carefully with the gold duvet and lifted her on my shoulder with one hand.

I took her down and set out a white shower slippers for her to wear, she fits her leg and I carried her again.

"baby I want to tell you something" she said.

"say it please" I requested.

we were already in the shower so I placed her down.

she still hugged me tight...

\*you know kings used to have many wives..."she paused.

"okay" I said.

\*we you also marry many wives" she asked.

I smiled and held her tight.

"is it funny" she said. I smiled out dimples and kissed her ears in an half biting manner.

"so you are going to marry more wives" she requested.

"have you ever seen me admiring any girl apart from Adeife" I asked.

"no I haven't seen my husband but I don't want what happened to me to repeat itself on my kids" she said.

"okay I won't... I swear on everything we shared" I replied.

she hugged me tight.

"will you bath?" I asked.

she hastily removed the duvet.

Adeife's p.o.v

I wonder what my life would have been if I didn't meet lotanna.

hmmm onome, am finally free from u

I removed the duvet that was stained with blood so he would bath me, he also removed his diamond ring then placed the duvet in the washing machine.

He took the hand shower and sprayed it on my body,I smiled .....that felt so sweet and I really enjoyed last night.

The way he pressed me yesterday but I can't forget the pains.

I smiled when he used the glove sponge to press my breast from behind,I turn to look at him,he applied soap on my face.

"honey my eyes"I said.His fingers was still trapped on my nipples.

I smiled.

he enjoys pressing a lot.

he sprayed me water thoroughly.

damn I was so clean.

I smiled at my skin...so fresh.

the sponge on my waist fell,I watch him lift his face down there,

he closed his eyes playfully as he bath me with water.

"Adeife"he said.I used my hand to wipe the water from my face so I can look at my husband and hdme hastily controlled his eyes and lock a new towel around me.

I felt him kiss my lips with my eyes closed.

I close my eyes tighter and kissed him back.

our kiss was so slow steady and intense...Lotanna mistakenly turned on the shower with his back, I smiled happily as the water bath us, he made me then my back.

he traced his fingers on my shoulders leaving me with moans into the kiss, my towel fell, we kissed again he playfully circled his thumbs on my nipples, making me moan like carelessly.

"it doesn't look like I pressed you yesterday night"he whispered.

"why? you did and I enjoyed it" I replied.

"everything is still standing and curvy, it looks like we didn't do anything"he said.I shivered in sweetness and unlocked from the kiss,I look in his face he gaze at e with love.

some respects...ife he is a king.

I smiled."I took over my mom,did you see how she looks at 43"

We kissed,he pressed hardly.

"obim(my heart)"was what left my mouth.He smiled and carried me,he locked the shower, it was so sweet as he sucked me slowly like he was really taking milk.

I didn't know when I held him tight,  
we landed on the bed,  
he hastily came in between my legs after removing his king bracelet.  
He widened my legs and lean in to kiss me deeply.  
ohhh heavens

BANANA ISLAND....

Desmond's p.o.v

I still haven't heard anything from Tracy since. Yes she should be mad at me but it's actually not really my fault.

she had blocked all the possible ways I can use to get her, even her friends told me she warned them not to disclose anything to me.

ever since she left,  
I knew something left me...  
I would get myself drunk each time I recollect the curse she placed on me that night.

isn't my life ruined already?..  
I know she won't accept me but at least we need to sort out some things.

my driver packed into a nearby mall to get some things. I wore my mask and step out, I was actually on a call and the network was totally bad so I kept moving around with phone on my ear, that was when I realized how far I had walked.

there was a red car opposite me,  
the door opened and a little girl which I recognize as Amarachi step out.

is she the one or am dreaming??  
the second door opened although I didn't see the face well until I saw a baby bump. Then two guards stepped out from the next door.

ohhh my goooooddd  
Tracy...they entered a shopping complex.  
I ran after Tracy, my phone fell.

she walked fast with that her sister in the complex

"Tracy" I shouted as I entered too..  
she turned sharply and quickly remove a gun from one of the guards waist belt, she directed the

gun to me

I smiled as I raised my hand innocently, her guards covered her.

"tracy why are you---

"Desmond you are a womanizer. Hundred percent. Now I already did a research on you" she raised her gun.

"tracy iiiii....

"are you sure you're seeing well, this is not a toy gun" she said.

"I know...but we need to talk...

I need to tell you something important even if I know I don't deserve your forgiveness" I said..

"something important" she said. and followed me out.

we entered my car although her guards stood behind my car in case I want to play smart.

"Tracy, I wasn't gonna beg you to accept me for the sake of the child but I want you to find it in your heart to forgi---

she rolled her eyeballs and wanted to open the door, I took her hands.

"Tracy look this is not the man I was..

Johnson Emime made me this way" I said my eyes become darker.

"Johnson Emime, what does he have to do with you, am currently fighting the man's case" Tracy said.

"see am not lying.

He made me this way and he is my father and beast at the same time" I said.

"do you think am a fool, how can Johnson make you a womanizer...

no matter what you say,

we are never gonna go back to what we used to be" Tracy said.

"Johnson Emime murdered my mom, Kemi Emime 23 years ago. Then I was just 8 years and he also made me a womanizer" I told her.

Flashback

"I hate you Johnson" Kemi yelled as she cried.

"I will teach you a bitter lesson bitch" Johnson shouted pulling Kemi into a spare room.

8 years old Desmond who was watching movie in the living room rushed upstairs.

"daddy leave mommy alone"he started crying.

Johnson looked at Desmond in disgust,he pushed Kemi and slapped Desmond.

"let go of my son"kemi yelled trying to hold her son who was already crying.

"listen carefully,I want it now" Johnson a mafia boss yelled.

"Johnson you're Desmond's father, you raped me even when I told you to stop and then I got pregnant and you decide to hate us"Kemi said to Johnson while hugging Desmond.

"I told you I don't love you and you expect me to believe he is our son" Johnson slapped kemi.

"fine you won't accept desmon" ksmi said and carried Desmond.

\*I only married you because it is a contract but then I found something interesting in between your legs and I have to get it because I get what I want"Johnson said evilly.

"You devil"kemi cursed.

johndiny pushed keni to the bed and tore her clothes and even her psnties.

"leave mummy alone"little Desmond cried hitting Johnson with his little hand.

Johnson pushed him away and tied him to a chair.

"you little thing will seat right here and watch ms fuck your mother" Johnson punched kemi severally and unbuckled his belt.

"don't do this...Johnson....let my son go,he shouldn't watch you do this, he is a small kid"Kemi begged weakly.

Right there in Desmond presence, his mother was fucked till she wasn't breathing anymore by Johnson.

Johnson covered her with a cloth and called his maids to dispose her.

"did you enjoy this little show Desmond,that's what you do to a woman"Johnson said.

"gimme my mommy!! little Desmond cried.

end of flashback

"Tracy,Johnson made me a womanizers and each time I remember that scence am always triggered to have sex.....

although life with Tracy makes me incomplete but I know am not the fight person for you"I said.  
Tracy looked at me.

"why didn't you tell me this earlier?" she asked...

"will you still love me if I had told you from the beginning?? Anyways I didn't say this for you to accept me back...

I know you're fighting Johnson's case and I badly want revenge but Johnson always buy his way out.

You as a branaiac lawyer will put him in his rightful place and if you want done evidence, do not hesitate to meet me...

Lastly,take care of our child!!.

I said with a sigh.

until Tracy's guard knocked on my window saying time up.

I looked at Tracy,

she also stare back blankly as I opened the door for her.

"Desmond why did you keep this away from me?"she asked.

"if I had, would you stay with me from the beginning?...

Tracy's p.o.v

is Desmond real or what?

this man knows how to get me on his shoes and am scared of him telling me more lies.

"Tracy hope am forgiven for not telling you this from the start?"he asked.

"Desmond! I called.

"anything,say it please"he said.

"ummm I know you are still mad at me and even if you won't forgive me, can you permit me to always send you money"he said.

"and why would I accept that"I said.

"Tracy please at least for the sake of our baby--

"Desmond don't!

I raised my hand in the air and step out of his car.

I entered mine,

the guards took Amanda to my penthouse so I had to drive to the prosecution.

I sat facing a file,  
still a rape case,I can't believe this.

According to the full report,Johnson was arrested because he committed sexual abuse with a maid's daughter who came to visit her mom in her work place.

The rape case was critical as it was found out that Johnson does underage every night and the little girl was in his room for 3days.

I opened the next page  
this Johnson was really cruel.  
I called a lawyer.

"Celestine send me the full report on the Kemi girl who died 48years ago or so"I said

"okay" he replied.  
soon he called back and I checked my mail.so Desmond really said the truth.

I quickly file my evidence to the barrister in charge. Johnson there is no how you will escape this.

Olamma's p.o.v  
have been sitting there for close to 20hours now and no animal came for me.How long will my life be so pathetic or could it be that the animals are being chased away by my bad smell.

the smell keep increasing minutes by minutes.

I crawled on my my fours and made sounds with the rustling leaves,  
well if no animal will come,I will have to take my life by myself.

soon I heard sounds of rustling leaves apart from the one I was making and I smiled sadly.An animal is around.

I still sighed."if death is the redemption of my sins,then take my life but please Adeife should find it in her heart to forgive me....if not for anything but for the sake of the father's blood we shared.

I heard a gun shot,  
"my.....""I screamed lowly as I heard the place where the bullet pierced through.

"it's human"  
"it's not a game"  
"ohh human being"

I heard voices.

I winced in so much pains as I watch my blood gushing out.  
an old man came out alongside a young guy.  
the man was with a cutlass  
while the young guy was with a guy  
he must have shot it....he is pretty but--

"umm what smells so bad like this,  
papa cover your nose...arrrgggh so stinking.!

I heard voices,  
my vision started getting blurred...so blurry that my eyes shut dead down.

Ngozi's p.o.v  
why is nkem so bothered about me.  
umm no way.

"madam,house number what?"  
my sales attendant asked.  
"house 36"I replied.  
the stocks were suppose to be delivered in that house.

soon we approached.  
the house was just opposite IFE's dad house,ife dad house is the most beautiful in this street.

I watched the house for a while like a movie...  
no one heard from onome,  
guess shame couldn't make her stay and I also heard on one now smells so bad.  
what a regretful turn.  
I wish it was Akuna that smell and not olamma.

"please take records of the stocks,I need to see someone"I told my sales attendant and went to  
the place I know I can always see Arinze.  
you know I love gossiping a lot,I would love to hear about Akuna and her friends.

I had not even reach where I was going when I spotted arinze inside a bar...by this time.  
anyways he is a drunkard.

I entered the bar and pull out a chair in her presence without him telling me to.  
"Mrs shapeless"he said.  
"greet your grandmother Amoeba" I replied.He raised his cup of wine to have a sip.

perfect time.

"Arinze when last did you hear from your girlfriend?" I asked.

"girlfriend? which girlfriend did your forefathers give me" he said.

I rolled my eyeballs. "olamma of course" I said.

"well we ain't an item, she just used me and am glad she met her waterloo" Arinze replied.

"waterloo, what waterloo? tell me more" I requested.

'you really want to know' he said.

"if I didn't, I wouldn't come" I said.

"fine, I will tell you only if you can gulp down that quantity of wine" he said

"no, I don't drink that" I said.

"well I don't blame you, you've always hate good things" he said.

"arinze" I called.

"ngozi" he called and filled a cup with wine to its brim.

"fine! I took the glass and gulp down everything.

"Now about olamma but before I start ,ngozi do you remember the day you told me that not only smokers are liable to die, people who don't mind their business are liable to die" he said.

"are you....you....you..."

I started seeing double.

I was seeing four Arinze.

Arinze laughed.

"Ngozi this is a payback for all those insults" he said.

I stood up and staggered backwards.

"you're a light drinker" he laughed.

he pulled me to sit and started pouring more wine for me to drink.

I couldn't resist the sweet taste,

he laughed as I drank more.

Adeife's p.o.v

Lotanna wasn't around but I thought he said we are traveling to Dubai,

he wants to give me a special treat.

and why is he staying long?

we ought to be packing already.

I dropped the tele remote, I already get tired watching. I reduced the Ac in the room and went to

bath again, I changed into something simple and catching.

I took my phone and called ngozi she wasn't picking. A call entered my phone, it was my mom. calling me when we are in the same building. I picked the calls, she spoke to me for close to 40mins.. the call ended but she wasn't done talking...the network is bad.

she sent me a voice message.

that man you called a father is the palace right now, I guess it's you he wants to see you" she sent.

I sighed, I don't even know what to reply.

a knock came on my door, I answered it and it was Ugomma.

"my queen you would be leaving soon, I came to help you pack" she said. I nodded and step aside for her to move in, she bowed as she move in.

should I see him?" I sent my mom

I don't know okay, he is your father but not my husband" she sent.

I click on the message to record instavoice but I don't even know what to say. until the maid called my name.

"queen ife, am done packing for you ma'am" she said and wheeled out two pink traveling bags.

"okay" I just replied.

Another message buzzed in from an unknown number. you think you've won right???....

I ignored the message, its unknown I don't need to bother over it.

"ma'am" the maid said.

"do you need anything" I asked.

"no ma'am I just want to tell you that prince Jedinna ask of youuu--" she said.

"okay" I nodded.

he asked after me...why??

we have never spoken before, even though I always greet him he doesn't always answer.

ugomma left. I also left my room, I entered lotanna's room,

he wasn't inside plus he had his room light dimmed.

did he packed already??

I saw two bags on the bed, both are empty which means he hasn't packed.

his red phone which was on the bed rang, I crawled into the bed and took it from under the pillow. the name was coded in some difficult terms..guess it's business, the call ended by itself,

it rang again.

the room door opened and lotanna walked in. I cleared my throat and dropped his phone then I moved out of his bed.

He moved to one of his wardrobe and grabbed one of the empty bags, he started filling the bag with money from his wardrobe.

his red phone rang again.

"who is that?" he asked.

"hunnn I don't know" I replied and moved into the king sized bed.

"really..just bring it" he said.

I handed his phone to him which he collected...

okay...

sent them in...am on my way..

bye" he said slowly in the phone and throw the phone back to the bed, just the right spot.

After he was done filling the first bag with money, he filled the second one and zipped it.

he closed the wardrobe and wheeled out a single empty traveling bag.

he opened it in the bed and kept some files inside.

"are you done packing?" he faced me.

"yes" I nodded.

"fine" he said and picked the red phone then came to hold my waist...

the guards moved in to take the bags to his car, we walked out.

"baby are you carrying my son already?" he said and sent his hand to my tummy when we got to the hallway.

I laughed soundly and shift away from him,

he rolled his eyeballs and held my hand romantically.

ohhh heavens,

when will I get the courage to look on his eyes anytime I want? he is now my husband right...

I cleared my throat,

he cleared his throat and chuckled too...we got to the dining and sat opposite each other.

lotanna took an apple and some blue berries but I already ordered for pepper soup.

I steal glances on lotanna as he chewed in his apple slowly and work on his phone.

He coughed, I hastily stood up and got him a glass of water. He took water and drank from my hand while staring.

"mr drink water" I said.

he bashed his lashes and drank little, I checked time,  
what can be delaying my pepper soup? Lotanna fed me with apple which I ate in relishment.

chioma's p.o.v

Adapuruche was preparing ife's pepper soup as fast as possible and besides with proper care and clean hands. Ebere, Rhoda Vicky and Dumebi stopped working as maids the day ife became queen...

Ife personally told her mom to set business for them.

Ife had wanted to help me too and tried to become friends and make peace with me that night she became queen but I told her I don't need her help....

So should I say am the oldest maid here.. am waiting patiently for prince Jedinna's perfect time to strike.

Very soon I will be a queen too.

"Chioma, prince Jedinna calls for you" Darmah said.

I left the kitchen where I was watching plate and entered prince Jedinna's suite... I just came back from traveling, he had traveled that night his brother became king.

I was about opening the door

when the door itself opened revealing him.

"Good evening sir" I greeted.

He nodded, his face was soft.

"Okay, I need you to put this substance into your queen food" he said and gave me a syrup... a sealed syrup with white cap.

Just little quantity... a drop too much of it will cause damage to the womb" he said,

I went through the content... since I can read.

"Pills, sir what are you planning...

don't you want her to give birth" I asked.

He wanted to talk but I quickly left.

I reasoned it as I entered the kitchen.

She shouldn't give birth,

this syrup is a very powerful one.

I entered the kitchen,

Adapuruche was there.

I can't apply this in her presence, I need to send her away.

"Ada" I said as I cleared my throat.

"Yes, please don't send me message. Queen Ife needs to eat pepper soup before traveling,

I need to do this as fast as---

she paused as she dished the pepper soup into a plate.

"prince jedinna calls for you...and besides I can help you deliver this to her" I said. She nodded and left.

I quickly opened the syrup, I didn't pour little, I poured everything, stir it together and coveted the royal tray.

I got to the king and queen empire and knocked, the guards opened the door and I entered. what greeted me first was the cold air conditioner, I felt like I was in heaven already.

my first time entering here.

I comport myself when I spot them on the royal dinning.

ohh my goodness, king lotanna is worth dieing for.

He looks so ethereal,

at times I do wonder if ife charmed him cos they are not class.

I moved closer,

"your highness" I bowed as I placed the tray gently on the glassy dinning,

he didn't look up,

just look into his phone as ife fed him apples.

"I brought your pepper soup...

it was Adapuruche that cooked it" I said and bowed gently to ife who already uncovered the peppersoup

king lotanna left her hand that he was holding...

ife took spoon that was when lotanna looked up, I quickly bowed.

what am I still looking for here?

I turned to leave.

"come back here" lotanna said with so much deaminor of superiority in his voice.

"your highness" I quickly turned.

"don't you know what to do?" he said.

"I don't sir..." I bowed that was when my eyes caught IFE's footwear, soo pretty.

"guess it's your first time bringing food here...well you are gonna taste out of it first" king lotanna said and took spoon from ife.

he scooped out of the pepper soup into a common plate and a common spoon... my heart beat increased.

"come and have this"he said.

waaaaattttt!!!!

"okay sir!! I said..

"but sir am fasting"I said.

"if you were truly fasting you wouldn't go anywhere near the kitchen"lotanna said.

my mouth hung open in bewilderment.

"but I saw you eating when I took morning walk"ife said....

aaaahhh she just added petrol into my burning fire.

Lotanna looked at me,

I looked down.

"what are you still waiting for?" he said....

"sirrr!!!! I starmmered.

"didn't you hear well?"he said.

I took the spoon...

chaiiii

golden-queen.

with a shaking hand,

I took the spoon and eat a spoonful do that king lotanna won't smell anything fishy.

"your highness,I ate" I said slowly.

"why are you shaking...anyways eat like 15more spoonful"he said and I dare not obey.

after all the syrup might have a remedy.

I ate 15more spoons.

"5more"he said.

my heart was pounding fast as I ate five more spoons.

Lotanna still looked at me as if he knew what's on my mind.

ife took her spoon and wanted to eat since I ate.

until the kings special adviser came in.

"your highness the car is ready,your flight is in the next two hours"he said.

Ife dropped her spoon and stood up.

a maid in white uniform carried ife's bag while the others wheel out two traveling bags.

I rush out to the toilet immediately they left and try spilling it out into the sink but it didn't.

"is anything wrong?"Adapuruche came in.

"nothing"i said and left.

I hastily rush to prince Jedinna's suite.I met him outside his suite door with a single traveling back.  
he was on phone.

I think he is leaving already.

what have I gotten myself into?.

I felt like crying but I held it.

"hey did you put a drop in her food?" he asked.

I sob quietly.

"my prince does the pills have remedy?"I asked as I was starting to feel discomfort in between my legs.

Jedinna looked at me with a bad eyes.

"it doesn't have a remedy,too much of it damages the womb that was why I asked you to use a drop"he said.

my tears fell,

I got useless for the second time

everybody left,only me is alone.

"wait did you----

"yes queen ife didn't,his highness asked me to have a taste of it before his wife can eat\*I said with tears.

"why would you eat out of it,you should have said you want to use the toilet as an excuse and besides hope its a drop you added.

"no,I poured everything"

"waaaattttt" he said.

"I wanted to make it faster"I said

queen chiamaka approached,

I felt so much discomfort as I can feel a hot liquid falling on my panties already...

my future is just ruined

"my son! queen chiamaka smiled as she touched jedinna hair,

jedinna smiled.

"ohh what are you doing here?"she turned to me.

"my queen...I...I..."I tried to say something but the pain held me down.it was as if something is cutting in my lower abdomen.

"are you alright?"the queen asked me with care...

"she is...umm mom common,

have you forgotten that's how dirty commoners lime her do once they need attention, she's nothing already" jedinna said.

my mouth hung open in bewilderment, he just described me like that.

I watched like a fool as the guard handed him his car key.

"chioma what's there in between your legs"ihuoma asked.

i looked down,it was blood.

"come I will help you"she said .

I wasn't myself,she helped me to the room then went to call a physician by the time she returned, I already lose so much blood.

"what type of dangerous pills did you take--

see your womb is affected,am sorrty you don't be able to conceive again except heaven will come down to rain" she said..

my tears stream down,

ihuoma sighed and consoled me although I refused to tell her what really happened, I lied I tried abortion.

Olamma's p.o.v

my eyes shut open weakly and I found myself in a verrrry strange place,

there was two little huts,

the place was somewhat dirty and doesn't look like my father's fansy house.

now I think am in another kingdom..

my smell already reduced and I wonder what happened cos I know how bad I smell.

I heard footsteps and I quickly close my eyes. Something was forced into my mouth, it was so bitter.

I coughed and opened my eyes,it was that old man in the forest.

"after 3days,you're lucky" he said and uncovered my have to see my palms.

ummm is he a soothsayer.

"Nkeiruka(the future is brighter) the moment she let go of all grudges" he said and dropped my hand,

it mistakenly hit the place that I was shot.  
I winced in pain.  
He helped me sit and helped me stand...

"Ebuka! Ebuka!! Ebuka!!!!!! he called  
the boy ran out in a pair of animal skinned wrapper.

"take her to one of the huts" the man said and the pretty boy supported me to walk in.  
Soon we were in the hut.  
it look so empty except for the bags hanging on the wall then a mattress on the floor.

He helped me lay on the matters,I sniffed as the pretty boy turned to leave.  
"thank you" I said sadly.  
"thank yourself....  
should i talk about the fact that you smell sooo badly for good 3days,  
I had to stay awake at nights to appease lord ighne to touch the heart of whosoever person you  
offended..." he said.

"I...I...."  
he didn't allow me talk,  
he went out...  
hmmm why did they save me they should have allow me die.

I tried standing,I did and I held that spot. It's still healing.  
I need to find a river to bath.I wanted to ask the old man but I felt like i might disturb him.

and ebuka,I have put him through a lot of stress already.I don't deserve his kindness anymore.  
i passed the back of the hut and walked till I found a nearby stream.  
I hastily took off my clothes and kept them on a stone.

I dipped my body into the stream and bathed, something fell off my hair and floated on the river.  
it was the gold chain that bond me and my mother together.  
I cut the chain into two,  
what's the use now?

"today mark the day I threw you away as my mother"i said and threw the chain away.  
I felt relieved.  
soon I was done and I turned to where I kept my cloth,it wasn't there.

I quickly look front.  
whaaaaat the water carried my clothes away.

I stepped out naked,nothing to cover my body....

I cleared my throat as I heard footsteps..

"don't come closer for am naked" I said.

"cover yourself up then" I heard ebuka's voice.

"well my clothes got carried away" I said...

then,he showed his face and came to where I was..

gosh,I feel embarased.

well am not even special.

He covered me well,I smiled.

He smiled back.

Desmond's p.o.v

the Johnson case was successful,

he was sentenced to life imprisonment for several rape attempt.

the way I keep smiling justified it,I mean I feel accomplished and proud of Tracy.

even though we won't go back to what we used to be.

I called her to my newly built house for celebration but she didn't...

she already said we shouldn't see each other again after the case

"well cheers to my new life" I said and took a sip of my wine.

"cheers to my unborn baby" I said and took another last sip

"cheers to my superwoman" I said and took another sip.

I was dining alone until I heard that familiar scent,I turned back avd it was Tracy in a long red dinner gown.

I smiled as I stood,

I wuivjlu pull out a chair for her to sit as a gentleman,

she rolled her eyeballs and sat.

"thanks for coming" I said

she tucked her weavon hair behind her ear,I smiled.

a maid came and took her order.

I smiled as I poured wine in a glass for her,

we both tried taking it at the same time our hands met

I held her wrist softly...

I felt more fireworks,

she hastily collected her hand I smiled as I watched her sip in slowly

I smiled and passed her a cheque of 5million naira then a new car key.

"are you bribing me in" she said  
"umm no,I wanted to say thank you" I said.  
"for what?"she asked.  
"everything"I said and she smiled.  
"what if I say I don't want that" she said.  
I look in her eyes.  
"fine"she said.  
"I should leave"she added and stood,I also stood.  
"good night"she said and carried her bag..  
"Tracy\*I called and took her hand,she stared back.  
"am truly sorry"I said  
her face was so soft,I finally kissed her.

she kissed me back and locked her arm around my neck.  
we kissed like that for a sweet long time. i unlocked gently and kissed her cheeks into her ear then into her lips again.

Tracy's p.o.v  
what exactly am I doing?  
I know he is sorry and I miss him. I smiled and allowed him lift me up in a bridal style, he kissed my baby bump,  
I laughed soundedly.  
we entered his bedroom

Desmond quickly zip down my gown slowly and when he was done,he lifted me up and pulled it out,I carefully removed his top and unbuckled his belt.

He moved me to the bed and took my legs,he carefully lift my leg up to my face....  
then penetrated.

I moaned out.  
I felt him deeply inside of me and I moaned out as he rode me to heaven while kissing my baby bump.

I kept shrieking out my moans,  
the cold air made it sweeter.  
I moaned up and down.

He kissed my neck and I felt his hardness plundered into me.

After a while,Desmond turned me to my back on the bed then ate into my neck from behind as he straddled me, I moaned out.

He moved in and out of me in sweet rythm.

he was so sweet

I moved in one more time then he moved out of me one more time and layed quietly beside me.

We curdled each other.

"I love you"he said,I smiled.

"I love you too"I replied.

he kissed my neck..

"so what country??"he asked and rubbed circles of my baby bump.

my baby kicked,he felt it with his hand....

we laughed into nothing.

golden-queen.

I woke in the morning,I was naked.

gosh...Tracy.

I covered my body well with the duvet,I touched my side of the red bed,I didn't feel him.

I didn't see Desmond.

I smiled as I felt my baby kicked and I suddenly feel hungry.

Just then someone dropped a basket of fruit in front of me,

my eyes widened.

"thanks for last night"he said in a smile as he leaned on his palm and looked in my face.

"Desmond".

"so our wedding will still take place" he said and lifted an apple to my mouth...

I smiled out tears and took it away from him.

"tracy I already booked an appointment for you with a doctor" he said,he gave me the banana.  
I smiled happily and hugged him.

my phone rang,

Desmond turned and helped me with it.

"I thought you will be cutting out your work because of your condition" he says and I forced a banana in his mouth.He smiled and ate from my hand...

he wore a ring on my finger.

I smiled and kissed him before answering my calls.

"hello?"I asked

"barrister Tracy, we found him" they said.I nodded and quickly stood up.

"be careful"Desmond said.

I nodded and brought out my second phone.

now Adeife's hand is in my hands,

the person that always kill lotanna's girlfriend is back.

I quickly place a call,then I sent like twenty detectives to lotanna's house in Dubai.

\*this is banana island,they should get there within 4hours,the road is free"Desmond said.

I haven't bath,

I rushed into the washroom and bath, Desmond already brought out clothes for me to wear.I wore the black pant,

the black bra which he hooked for me...

then a black trouser and a white top that cover my baby bump very well.

I rushed to the door,

I came back and kissed him,

he smiled.

I closed the room door and ran off.

his driver was waiting for me in the car,I entered and called inspector Jerry,

only him can give me the correct information...

soon, he sent the address,

I showed the the driver.

he nodded,

he followed the address and pulled an halt in front of a very beautiful house. I stepped out and walked to the gate,

i got there and met an old woman, who said she is the owner of the house.

my guards ransacked everywhere and didn't find anything harmful. Until one of them showed me a

content in a white nylon,  
I checked it,it was cocaine

"did you take this?"I asked and lifted the bag that contain the hard drug.

"that's a special stuff for a special customer, are you interested"she asked.

I pull out my gun from my waist belt and pointed it to her,I removed my mask... she saw my face,I fixed back my make..

"barrister---

"this isn't toy gun am sure you don't want to lose your body parts"I said and corked the gun.She's now a crime suspect.

one of the detectives brought out a handcuffs.

"no,that's not neccessary,I will tell you who he is,his name is Lineol but they are---"she paused.

"where does he stays?"I asked.

"I don't know but he normally comes here once in a while"she said.

"where does he normally stays"

I asked and carried my gun.

Dubai...

Stars Estate...

house 441.....

she called out address..

star estate...that's one of lotanna's estate.It would be easier to get the person since lotanna owns all of that place..

I smiled.

"can the detectives leave me now?" she asked.

"take her"I said.

"you used me" she said.

"no...I have the right of detaining you for 24hours"I said. and walked into my car.

I quickly called Maltilda to be of help,

I can't be moving up and down with my pregnancy.

maltilda....I called her,

she didn't pick.

Jedinna's p.o.v

I sat down protected by a black screen,I went through my phone and got a text from my source.

"Lineol"I said.

"boss"he said.

"everything is working as planned... Lotanna just arrived,note am keeping the lady....lotanna is the one to be killed" I said and look through the window,

lotanna actually owns this estate so I bought a house beside his own using a closed identity so I can monitor his movement.

your sister I'd tracking me" he said.

"she can't get any info on you,just deactivate your tracker"I said.

"let's meet at dealers address"he said.

"okay"I said and hung up.

I still looked through my window to see for lotanna's compound,  
he just came in with Adeife in a white Lamborghini,

maids in white uniform rushed out,

there were many guards too.

I smirks as he step out of his car...

Ife also came out.

I stared at her with so much desires, no matter how he secures her,I will take her away and overtake his throne...

that's why he mustn't have a girlfriend not to talk of having a son.

Maltilda's p.o.v

Tracy called me already,

I checked the address she sent to my team....house 441.

I got to the house,

I must get that Lineol arrested and he will tell me who the master mind of the killing is.

I packed my car few houses away and waited patiently,

finally a car drove out,

the glasses was tinted so I couldn't see who was in the car,

I traced the car,

the car stopped,

I also stopped.....

next, the car ran...I trailed it but I soon lost track.

Adeife's p.o.v

we got to his house,  
it was beyond description,so cool that I start imagining what life would look like here with my heart throb.

the maids helped me packed in SBD arranged everywhere.  
they left and my phone beeped.

it was my mom,she sent me a text.  
the man you called father asked for your number,should I give him?" she sent.

okay mom,give it to him"I sent.  
soon my phone rang...the caller was unknown...  
it must be my dad,  
I remembered how he used to use cutlass to beat me in the past and got scared to pick his calls.  
the Call ended and he sent me a text instead.

its me,your father,  
Purity please pick! he sent.

he called again,that was when I picked.  
\*good....good....evening dad"I said.  
"Akwaugo(my precious daughter)\* he started, I paused.

"I promise to make up those bad days for you,please don't disown me like I disowned you then"he said.

"okay papa,have forgiven you since" I replied.  
"when you return from Dubai,I will see you" he said.  
"good bye"I said and expected him to cut the call.  
"your husband,does he treats you well?"he asked.  
"umm yes...he loves me"I replied  
"till then"he said.  
he didn't still cut,his he feeling bad now umm.  
"good night papa"I said and hung up.  
I changed my clothes into a red nightie since it was night.

I wore a red room slippers and headed for the kitchen.  
Tomorrow is Tuesday,I better eat well this night so that I can fast and pray for my marriage and new family. I will start the fast 12pm.

I entered the kitchen where I met maids.  
"madam do you need anything"they asked.  
"umm you all can go to bed"I said they bowed and left.

I started cooking.

Rice, mackerel stew sauce, fried plantain and meat sauce, the aroma filled everywhere.

I ate mine and served dishes out of Lotanna's own which I took to his room,

he was working on a laptop and counting money.

he always likes red room lights.

He turned back, I think he heard the aroma because he suddenly lost focus in what he was doing..

"babe what's that?" he asked and he appeared on my front like a flash. He uncovered the tray in my hand.

He smiled when he perceived the aroma very well.

"you cooked for me right?" he smiled and took the tray from my hand..

I kissed his cheeks.

he smiled and took my hand,

we got to the bed, he placed the tray in between us,

I took a spoon and fed him.

he smiled and took my left hand like a kid while I fed him with my right hand.

"Eat well okay, we are fasting tomorrow" I said.

"my love" he said...

"He gave him meat then allowed him drink water fully..he ate everything, I packed the plates to the kitchen which I washed immediately.

I suddenly got happy,

he likes my food, I washed my hand and checked the time.

I cleaned my hand,

then I went back to his room, he already cleared the excess money on his bed...he actually poured them on the floor.

I crawled into the red bed and slept on one side.

Lotanna joined me soon and rolled to my side. Still on call, he hugged me from behind,

finally he dropped his call and kissed my finger where I wore the wedding ring.

we both laughed into nothing.

"you know we still haven't given my mother what she wants" he said

"what?" I asked.

"grandson" he said, we both laughed. He rolled to the other side, I put a pillow between us.

We won't do it this night because of tomorrow's fasting.

"aishhh baby am missing you already" he said and rest his head on the pillow.

"shhh it's for a day don't let us defile our fast" I said,  
he kissed my hand.

"lotanna or I should go to my room" I said.

"no baby stay here" he said.

we both stared into each other's eyes and slept holding hands.

"ife waiiiiiitttt" lotanna screamed from sleep..

I sat up and hastily pushed the demarcation away.

"lotanna" I said

Lotanna was crying in sleep like a baby, my own tears dropped for no reason as I wipe his tears.  
he was shedding tears nonstop.

"lotanna" I called.

"please don't go...don't go away." he said in his sleep, I dried his tears.

"lotanna" I tapped him..

"ifedimma where are you going to?" he asked.

"no am here, i didn't leave you even for a second" I said.

"but you left?" he said

"to where...I never left! I said

"you left to the second world, a place I couldn't feel you, I had this same bad dream whenever I lost my girlfriends in the past... Adeife tell me, how do I keep you so that you won't die...

If you also left!!!

can't I be loved??? I don't feel you anymore, you already left" he said

I dried his tears and then moved into him from the back since he already stood up.

"I love you, I won't go... it was only a nightmare, am here..

I will give you many children or don't you BELIEVE in your heart's crown" I said. he hugged me..

he still looks moody, he suddenly kissed me...with tears in his eyes..

my fast just got broken..

what type of bad air is this, have never seen lotanna crying.

"baby let's pray" I said and disengaged.

"will it work" he said

"well I BELIEVE in prayers" I said.

we knelt down on the edge of the bed facing each other...  
we took each others hand.

In Jesus name...

heavenly Father, the owner of my life  
my creator,the one who create me and knows me,  
I call you this moment to be with me and my husband..father lord be our sheild.....

i paused, lotanna didn't say Amen and he didn't close his eyes.

I caught him staring at me.

"baby close your eyes and say amen" I said.

he nodded and I start praying again.

Soon I ended the prayer and get him a glass of water.

He still looked moody.

just then he got a call from Jedinna.

Lotanna!! Lotanna!!!! Lotanna!!

where are you????

It's aunty Tracy!

it's aunty Tracy, she had an accident!

we heard jedinna voice.

waaaattttttt--- I covered my mouth.

"Accident where?" lotanna hastily stood up....

"send...the address am coming to the spot"lotanna quickly said.

be dropped his phone and rushed to the door,he ran back and took his phone then a car key.

"baby wait for me! I followed him.

he was already down stairs where he three his car key to a guard.

he entered the back seat,

I also entered.

"I pray she will be fine"I said

lotanna's phone beeped, Jedinna sent the address already.

he showed the guards.

we got there the place was deserted,

no cars was passing, there was only a cliff...

but I thought Jedinna said Tracy had an accident.

"Your highness!!!! the guard shouted and fell on lotanna,he took a bullet for him...

"run... your highness run,  
this is a trap!! the guard said...

"trap but---

Lotanna held me and we were about approaching the car when a guy walked out with a gun..

he clapped.

"waoow,I admire your love for your elder sister"the guy said.

I pointed his gun at lotanna.

"please don't"I said.

"You came for my girlfriend right.." lotanna asked.

"Yes,I could have killed her from day one but she's lucky he picked interest in her"the guy said

"Please don't...."I said.

"I would have left your husband but" he said and removed his mask.

I cried like a baby,

Lotanna moved me to his back.I hold him tightly...

"okay just shoot me"lotanna said.

"not now,tell your wife to come" the guy said..

"sorry I didn't introduce,am Lineol" he said...

"please don't,kill me instead" I said..

Lotanna left me,he quickly took my hand again...

"I love lovers"lineol said.

"drop your---

lotanna didn't finish his statement, someone hit him with a stick from behind on his head..

blood!!!!

I covered my mouth as he fell lying in his own pool of blood.

I turned.....

Jedinna...I went like I was not seeing well for a while.

I hastily bent down beside Lotanna.

He strained his eyes in pain..

"baby!!! I called...

"brother!! lotanna muttered lowly.. jedinna hit him harder with that sane stick on his head, lotanna coughed out blood.

Next,Jedinna took off my husband's kingship bracelet.

someone pulled me roughly by my hair...

it was the Lineol guy.

"his time is over okay"he said and dragged my hair the more.

"Lotanna!!

"I love you!!!!

"I love you soo much!! I wept..

Jedinna pushed me into a car..I tried moving out,he dragged me back and pressed into my shoulders roughly.

"Lotanna!!!!!!!!!!!!!!!!!!!!!!

golden-queen.

Tracy's p.o.v

I got crazily impatient, it has been 2hours now.

Desmond actually followed me to the prosecution scene and he had been the one calming me down while the detective rushed out.

"where is Matilda, we had 4mins less"inspector Daniel said.

I got scared as I tried Matilda's number again,

she picked this time,I quickly connected it and everybody stood up with full concentration.

"Matilda"I said.

"Barrister"she said in a half breath.

"send your report"I said,just then a car drove into the prosecution scene.

a guard opened the door and someone pushed the lineol guy out and he fell down.  
The detectives rushed maltida,  
I covered my mouth in shock,  
Matilda was bleeding from her arm.

"successful"she groaned.  
the nurses rushed to her.

"maltilda where is lotanna--  
the screen screaned and showed lotanna on a hospital bed,his head was bandaged and the white  
bandage his head was tied with was soaked in so many blood.

I turned,  
everyone turned and focused on the screen in tears.  
just then my phone rang...I checked it,it was "Jerry Arinze" the president and the one who unveiled  
lotanna as Mr Nigeria.

"I want the culprit arrested,set up two teams A and B" he said.  
"noted, his Excellency" the sp said.  
my tears stream down

"there is a girl,did you find her?"  
I asked.  
Another car drove in...  
it was the queen mother's.  
"she's gone,we couldn't find Ife" Matilda said and Ife's mom paused walking, the car key fell from  
her hand and she fell down in tears,  
the guards rushed her.

"teeth are gone,laughter now becomes a difficult thing"she screamed.  
"madam please calm down,we will--  
"chimoooooooo...I have served you enough,I don't deserve this at all" queen chiamaka wept.

"my daughter ooooooooo!!!!  
"Adeife mi!!!!  
"Adesimilade oko mi(my crown)!!  
"Ifediokwu pada wa(come back)  
"ina omo ti jó mì ooo(i finally got burnt with the death of a daughter)..  
"aaaaahhhh sè eniyan lo sè èleyi!!!  
"my child oooooo!!!

"mother calm down--

detective Hana calm them down but IFE's mom was more difficult than I thought.

"I should calm down...my only hope my only child...if its that I have two children now I will calm down, but it's only one I have.....

that person that took her should better show....." ife's mom paused and fainted..

nurses rushed her.

"queen chiamaka calm down,we don't have much time,we need to rush to the hospital now to collect lotanna's last memory,that is the only way the person --- Lawyer Adams said we all entered our respective cars.

Matilda went for treatment and I suddenly pity lfe's mom.

soon we arrived in the hospital.

lawyer Adams,IFE's mom who just got revived and queen chiamaka where in.

I stood by the glass door and watched the sight clearly, I was in tears seeing my own brother covered in his own pool of blood.

he was already covered with white.

even his leg on the bed was dressed with a diamond stonned white foam slippers, then his king anklet laid on his left leg

his hair was with a white band and the av blew it all over cutely.

I looked at him fingers on the bed,it wasn't moving,

his hand wore a diamond stonned watch and a diamond ring.

what a beautiful being?

but he looked lifeless!

his skin was as clear as diamonds.

Adeife where did you go,you left him alone,please come back so that you can give us a grandson.  
in tears mother moved closer to him and held his cheeks.

"obim please one more chance" as she said,her tears fell on him.

"please my queen"doctor Dian said.

"his chance of survival is 2%...his whole system is so weak,giving him this injection won't ascertain anything,it will only boost his memory so it wouldn't wipe" the doctor said.

he gently took lotanna's arm,

everyone watched him give lotanna eight different injections,

still no difference,

he didn't talk.

lfe's mom still cried,I understand her pains...

Lotanna's hand moved, the machine beeped a weak red light meaning danger, that was when he gasped hardly.

He tried opening his mouth,

the doctor rushed out and held him down with respect, he injected something into Lotanna's side of neck, his body dropped on the bed.

"Your highness" the doctor said.

"Adeife wait!!!! Lotanna gasped, the doctor injected him another thing, he calmed down in half breath.

I dried my tears, Desmond came to me and consoled me.

"King Lotanna" the doctor said, trying to remind him.

lawyers turned on the tape and started recording what he would say as evidence.

"your highness! the doctor said, the light on the machine got weaker.

"Jedinna don't touch my!!!! Lotanna said, he got weaker with each word he uttered.

"what's happening?" he asked.

"he said Tracy had an accident. Me ife and my driver rushed out and the guy came out and shot my driver, ife his behind my back" Lotanna said, with each word he said, the machine light got weaker.

"what did the guy said?" the lawyer asked.

"is this how much you love your sister....

"I would have killed your girlfriend but he picked interest in her,

now tell your wife to come...

someone came, hit me with stick...

he took my wife....." Lotanna said.

he was in so much pain..

"Jedinna took my wife and and....." he couldn't continue,

he fell back since there wasn't might on the machine.

everyone of us got dumbfounded.

Jedinna.....!!! I mean our own Jefinna.

Ife's mom stood up, her hands on her head. "mogbe oooooo(I'm doomed)".

I called Jedinna line,

the worst part is that he had deactivate every tracking device

The lawyers already got enough evidence and everyone cleared,  
Lotanna fainted.

will lotanna ever wake up ever again?

2% out of 100%.

Adeife's p.o.v

I feel like my world tore apart and each time I close my eyes,  
I would see lotanna in whites,  
I tried holding him but did not get to him,I tried following him....

I felt someone touch my hair,only that brought me to life,  
it felt like lotanna,  
the person took my hand like lotanna.  
I opened my eyes,it was Jedinna.

my tears fell,he signalled his guards to leave...  
He tried touching me again,I shift back until when he grabbed me forcefully.

"beautiful,you have mourn the death of your husband enough".he said and threw me to the bed,  
he also came on the bed and raised the duvet up, I shift back and tried crawling out of bed,

he dragged me back and touched the helm of my red nighties,  
I wept,he dragged it and tore it to my hips region,  
until I bite him deeply on the shoulders then I quickly crawled out of the bed and ran to the door  
which was already locked.

He still came to me and trapped my neck to the door,even my hand....  
then he satisfied his eyes with my body all I did was to cry,he is too strong for me.

"Did he also teach you to be stubborn himmm"he said and tried kissing me, I shift my face and he  
kissed the door  
He slapped me,I cried like a baby.  
"Next time if you do that,I won't forgive you"he said.

"Sir don't do this to me,I am your brothers wife...your sister in law as at that,don't allow the devil to  
use you.. kindly take me to see my husband" I said.  
"well the devil used me since"he said

"now let's get to bed,my dick is hard for you"he said..

I closed my eyes tight.

I suddenly shouted lotanna's name.

"lotanna,I don't want to hear you call that name"he said and pressed my shoulders like I am a slut.

"my bumb.....Jedinna please!!!

"let me hear you say you want to see lotanna,the dead--"he said.

"my husband is not dead"I shouted.

he slapped my mouth and took me by my neck,I cried the more.

I thought he was calm but his calm looks overshadowed his brutality.

"you've got something sweet in between your legs..I admired you but you still want for him,is there something in my life that is pushing you away" he asked and took my legs

"I want to go and meet lotanna,  
my husband's needs me"I shouted.

"the dead!! Jedinna said,I hate the fact that I was wearing a nightie,I hate the fact that he won't take his eyes off me.He kissed my shoulders.

"shall we get laid...your hips drove me crazy "he said then pushed me to the bed,I still rolled..

he caught me and trapped me to the bed.He suddenly took a rope and tied my hand to the bed then my legs with the help of two guards.

Shared on whatsapp by Martino.

the guards left him.

"now tell me I won't see that thing that always shake each time you work and besides I want to hear you mourn that your dead husband name as I sex you..."he said in full smile and took the rope of my nightie..

"Jedinna stop I think am pregnant for your brother already... please! I cried. he lose my nightie.I got weak.

he touched my thighs with his right hand,until somebody knocked.

he left me and went to answer the door.

it was a woman in white uniform.. I think a maid.

"Eliza,take care of her...let her be naked I will be back soon"Jedinna said and left.

The woman came to lose me,I got irritated and throw up on the bed.

"madam oga say make I make you ready for bed... chai you fine too" the woman said and tried touching me.

"don't touch me!!! I yelled and slapped the woman who was old enough to be my mother.

"what if you daughter is in my shoes.. tell me do I look like a slut? can't you see wedding ring on my finger!! I burst out into tears.  
I got headache again,  
what I needed was a phone.

Akuna's p.o.v

my mom got so perturbed immediately she called lotanna mom. Next she carried her bag and phone,I got worried for the first time.

"mother can I follow you?"I asked.

she didn't reply and I followed her.

soon we arrived at Deerah kingdom, everywhere was so quiet,  
not even a bird was seen outside.

it was when we got to the palace I knew what was happening..

Lotanna just got flied back,

"but where is lfe? I asked my mom.

"I thought you hate her"she blasts me.I kept quiet as we entered the palace.

guards just keep running in different directions.Nkem walked in,he was holding hands with Ngozi.  
He looked pain and he looked like someone who is lost.

"You came here again! ngozi left nkem and rushed to me.

"I came here for good...can we forget the past cos I came clean"I said.

"well if this is your new plan am sorry lfe will come back...her father won't sit he will surely use his powers and control to look for his daughter...

happy loosing in advance for king lotanna is for lfe"ngozi said.

"I said I meant good"I said.

"Ngo am standing "nkem said. Ngozi scorned me and went to meet nkem.  
they left.

"his highness just opened his eyes but he keeps shouting Queen lfe's name" I heard.

I sighed and went to the upper floor where I met my mother and queen chiamaka.

I begged the guards to allow me enter the upper floor and they did.

it was the room lotanna was.

10physicians,

3therapists...

A lot of flowers filled there.

Amarachi looked in my direction and rolled her eyeballs.

Lotanna suddenly coughed.I was close so I took a glass of water to him.I tried helping him sit,  
he lost consciousness halfly,

"will lfe ever be found? Jedinna is a devil! he said and cried like a kid.  
I talked his shoulders,  
I suddenly felt sad.  
lfe where are you?

his bracelet fell down,I picked it and wanted to wear it for him.  
"don't"he said.  
I moved back.  
"by chance do you like me?"he asked  
"me no....am so sorry for the past" I said.He didn't want me to see his tears but I saw it.

Next day  
Lotanna's p.o.v  
this is so painful..how can my blood do this to me...  
lfe you killed me,  
when it was sweeter he had to take you far from me worst still he is untraceable.

Believe I will come for you  
one day,I will let us meet  
I will let u wish forever more  
I promise I won't take long...

I smiled out heavy tears,I remembered her song,when we first met at the water fall.

with you my believe begins,  
without you my believe ends,  
believing is seeing..  
let us stay and believe together..

"your highness"someone called happily...  
"leave!! I shouted without turning.  
the door burst open again I still didn't turn...

"baby!! the voice called,sounds like lfe but I won't get tricked again.

I will stay with you..  
today tomorrow forevermore  
I promise till death we part!!  
the voice sang,I was forced to turned

"Adeife!!! I called.

she ran to me in tears. Her dad watch us like a movie, he actually brought her here.

The whole family rushed into the throne room.

"Adeife, who brought you? Ife mom asked she hugged her daughter in tears..

"Father brought me, Jedinna had been arrested" Ife said.

Ife's mom looked at her husband in disdain. "you did well, I hope you won't jeopardize her life for the second time If I forgive you" she said.

"Adesola" Ife's dad called.

"Kelechi" Mrs Adesola called.

"we are cool" Ife's mom said.

Everyone laughed, I hugged Ife again.

.

one month after

Adeife's p.o.v

I was sitting beside my husband in the throne room and besides one month pregnant.

I wonder what Lotanna will say as judgment to his twins brother...

the elders insist he doesn't charge the case to court

wouldn't this be difficult?

there was tension everywhere.

A guard fixed in a disc into the projector and Jedinna was brought in immediately... his hands were tied with chains, he had his head down and I felt pity for him.

the projector screened how Jedinna maltreated me and tried raping me in where he took me to and how my father had come to save me.

The crime he committed was much.

"Can someone tell me something you noticed in that video clip? I need answer before I finally passée my judgment?" Lotanna asked.

"may you live long your highness..

I noticed the use of right hand,

Jedinna had used his right hand to slap your woman in that clip, he also used that same hand to touch her sexually...he did many bad things to her with his right hand" Elder Okeke said.

"This is my judgment...." Lotanna paused and everyone turned to listen

"I want that right hand cut off...when my unborn son grows, he will continue the judgment from where I stopped" Lotanna spoke with so much authority, Jedinna cried.

Lotanna left,

the elders dispersed...

Jedinna was dragged out.

I felt pity for him.

I walked to lotanna's suite, he was facing the window.

I smiled and hugged him from the back. He turned and kissed the back of my palms.

"I promise till death we path" he said and gave out is palm.

"I BELIEVE and won't stop BELIEVING" I replied and placed my hand in his.

the end
